BADLY BY RAT
Liquor Owners Fight Charges

Convicted Bootlegger Says New Warrant Faulty
Prominent Business Man's Defense is Similar
Discovery of Secret Panel Results in Seizure

PORTLAND (Or.) Jan. 15.—Demands that his \$11,000 stock of choice liquor be returned to him and prosecution for violation of the prohibition law dropped because of a defective search warrant issued last December were the main points in the defense of a prominent business man who was arrested at the home of his wife and child and charged with bootlegging.

These two cases are the latest in a series of prosecutions for bootlegging in the Pacific Northwest. The defense in both cases is based on the claim that the search warrants issued were defective and that the liquor was not found in violation of the prohibition law.

Labbe is one of the city's well-known business men. He has been a member of the board of directors of the city of Portland for many years. He was arrested on December 15, 1923, and charged with bootlegging. He has been in custody since that time.

On the day of the raid on the home of Labbe, the police found a large quantity of choice liquor. The police also found a secret panel in the wall of the room in which the liquor was stored. The panel was found to be a part of the wall and was used to hide the liquor.

NEW METHOD OF MINE TAX ASKED

Conference May Lead to Change in Arizona

Company Had Appealed to Courts for Relief

Gov. Hunt is Present at Discussion at Phoenix

PHOENIX, Jan. 15.—At the office of the Governor, a conference was started today that may lead toward material changes in the State's methods of mine taxation. Especially under discussion was the valuation of the United Verde Extension mining property, near Jerome. The extension company had appealed to the United States courts for relief from alleged State exactions and over-valuation. The United Verde Company has withdrawn its appeal and now it is proposed that the extension company do the same if a degree of compromise can be had. Meanwhile, Yavapai county is seriously embarrassed by the company's failure to settle.

HUNT IN CONFERENCE
Today's conference was joined in by Gov. Hunt, Secretary McCulloch, Members Howe, Hughes and Luke of the State Tax Commission, and Rudolph Kuchler, former Tax Commissioner. The mining industry was represented by President James S. Douglas, Supt. George Kinard and Treasurer Paul A. Armistead of the United Verde Extension Company. Statisticians J. S. Dull, H. B. Howard, T. A. Rickard, John A. Church and P. M. Lowry, Messrs. Howe and Kuchler were appointed to represent the State and to meet two representatives of Mr. Douglas to check over statistical matter to be presented and to suggest a method for remedying defects in the present mine tax system. There has been threat that a straight tax on bullion tonnage would be levied in the event the Douglas complaint is not sustained in the Federal courts.

HOTEL BURNS DOWN
This afternoon, damage aggregating several thousand dollars was done by a fire in the roof of the Phoenix Title and Trust Company Building. All records escaped injury.

PRINCESS ENGAGED
SOFIA, Jan. 15.—The engagement of Princess Nadejda, daughter of the late Tsar of Russia, to Duke Albert Eugene of Wurttemberg, second son of Duke Albrecht, was announced.

WET CAUCUS FLAYED
W. E. (Pawfoot) Johnson alluded in an address to the convention of wetts, scheduled here next week, as the coming of "rats who will try to give a hole in the bottom of the Constitution." Referring to the prohibition situation in the nation's capital, Mr. Johnson declared he did not believe "there is a capital in the world that will compare with ours in cleanliness, order and sobriety."

SEWER SOLUTION AIM
Co-operation in San Fernando Valley is Sought

VAN NUYS, Jan. 15.—The Van Nuys Chamber of Commerce is today taking the initiative in a movement looking to co-operation throughout the valley in finding a solution of the sewer situation by sending a letter to every civic organization in San Fernando Valley annexed territory. Each organization is asked to name one member of a general permanent committee on sewers.

"SCOFFLAW" NEW TERM FOR LAWLESS DRINKER
BOSTON, Jan. 15.—A word chosen from more than 25,000 suggestions by the one most likely to "stab awake the conscience of the lawless drinker" was announced tonight by Deleware King of Quincy, who offered a prize of \$100 for the most suitable epithet. The word is "scofflaw." Two contestants proposed this word and the prize was divided between them. The winners are Henry Irving Shaw of Shawheen Village, and Miss Kate L. Butler of Dorchester.

HAYNES LAUDS DRY PROGRESS

Fourth Anniversary Brings Praise for Law

Coolidge's Church Scene of Demonstration

Mexico Next Battle Cry of Prohibitionists

WASHINGTON, Jan. 15.—Four years of national prohibition have brought happiness into thousands of American homes, helped solve unemployment problems, increased consumption of home-made products, lengthened terms of education and cleaned up "Main street." Prohibition Commissioner Haynes declared tonight on the eve of the fourth anniversary of constitutional prohibition.

OUTLINE PROGRESS
The greatest accomplishments of prohibition were described by Mr. Haynes as the closing of illicit distilleries and breweries, elimination of the saloon and the stoppage of open manufacture and selling of liquor as a by-product.

RAP ENFORCEMENT
WASHINGTON, Jan. 15.—The walls of President Coolidge's church here, the First Congregational, resounded with addresses of prohibition champions today as the meeting place of the annual convention of the Anti-Saloon League of America.

GOV. NEFT OF TEXAS, SPEAKING at the night session, asserted that the Federal government "is not enforcing the prohibition law with either the vision or the rigor its importance demands." Both the Army and the Navy, he said, should be used to see that "our Constitution is obeyed at home and respected abroad."

WET CAUCUS FLAYED
W. E. (Pawfoot) Johnson alluded in an address to the convention of wetts, scheduled here next week, as the coming of "rats who will try to give a hole in the bottom of the Constitution." PUTNAM'S MATE WANTS DIVORCE

Makes Statement in Tangle of Famed Author

Independent Grounds for Action Sought

Writer on Way to Florida With Woman Aide

NEW YORK, Jan. 15.—A sequel of the domestic tangle in which Nina Wilcox Putnam, author, found herself, as the result of the vacating of her Rhode Island divorce and of subsequent charges connecting her name with that of Ellsworth Bassett, her married chauffeur, came today when Robert J. Bassett, her husband, instructed his attorneys to start an immediate investigation to determine whether he has grounds for an independent action for divorce. Heretofore Mr. Bassett had kept in the background while charges of fraud in his wife's divorce had been printed from day to day in the newspapers. Today he came out the following statement:

"I have requested my attorneys to institute an immediate investigation in order to determine whether grounds exist on which I should bring an action for divorce against my wife. In fairness to her, the public should suspend judgment until the facts are known."

COLD WAVE AGAIN HITS WINDY CITY
Snow and Rain Forecast for Citizens of Chicago and Middle West

CHICAGO, Jan. 15.—Another cold wave with zero temperatures accompanied by rain and snow, is sweeping down on Chicago. Temperatures of from 28 to 34 below zero are the rule in the Canadian Northwest, where the blizzard originated.

Life Prisoners Who Escaped in Arizona Caught
By a "Times" Staff Correspondent FLORENCE (Ariz.) Jan. 15.—Tom Powers, and Willis Woods, convicted murderers sentenced to life terms in the State penitentiary here who escaped from the prison several weeks ago, were captured today by officers at San Diego, Cal., authorities here were advised tonight.

MAY CHARGE FELONY
Angeleno Accused of Running Girl Down and Fleeing

SANTA ANA, Jan. 15.—A felony charge may be preferred against Charles Stock of Los Angeles, accused of driving his car away from Santa Ana after his machine allegedly ran over and killed a young girl, after having struck down and injured Florence Alsop, 8-year-old daughter of John Alsop, 1407 West Fifth street.

NOVA SCOTIA COAL MINERS MAY STRIKE
SYDNEY (N. S.) Jan. 15.—A strike of 12,000 Nova Scotia coal miners appeared inevitable tonight, the wage-conference of operators and heads of the United Mine Workers of America having broken up this afternoon without agreeing on a contract to replace the one expiring at midnight.

ZELZAH CHAMBER DINNER
(LOCAL CORRESPONDENCE)
ZELZAH, Jan. 15.—"Community Development from Sociological and Economic Angle" will be the subject of an address to be delivered at the annual dinner of the Zelzah Chamber of Commerce the 18th inst. by Leslie B. Henry of Los Angeles. Activities of the organization for the new year will be outlined. The public is invited. The gathering will be in the Woman's clubhouse.

BANKS FIGHTING TAXES
PIERRE (S. D.) Jan. 15.—It is estimated by State officials here that nearly \$250,000 are involved in the tax cases instituted by a large number of banks.

FEDERAL PRICE FIXING OPPOSED

Policies Defined at Farmer Manufacturer Meeting

Further Trial Sought for Transportation Act

Curbing of Supreme Court Power is Flayed

CHICAGO, Jan. 15.—Opposition to governmental fixing of prices of agricultural or other commodities, approval of co-operative marketing, and an appeal for further trial of the Transportation Act of 1920 without amendments by the present Congress, and a recommendation that the production of nitrate should be the primary but not the sole object of the Muscle Shoals power plant, were among fourteen resolutions adopted at the closing session of the farmer-manufacturer conference here today.

TAX REDUCTION FAVORED
Favoring material reduction of taxes and commending the efforts of the director of the budget to curtail expenses. Recommending that Congress adopt a permanent immigration policy with admission of applicants limited not by number but by quality and in accordance with economic needs. Favoring a merchant marine owned and operated by Americans and patronized by Americans. Also the repeal or modification of present laws affecting navigation to enable the American merchant marine to operate successfully in competition with vessels of other nations.

COURT CURBING HIT
Denouncing all legislation designed to impair property rights and opposing every attempt toward depriving the Supreme Court of its primary function and condemning the proposal to require more than a majority vote of the court to void any act of Congress.

REPEAL FAVORING
The conference also voted its opinion that agriculture, for its own sake and for the good of all people, needs stabilization.

BABY SMOTHERED TO DEATH
PARK FALLS (Wis.) Jan. 15.—The 4 months old daughter of Mr. and Mrs. Herbert Fielder of this city was found dead in her cradle. The child had smothered to death in the blankets.

(BY CABLE AND ASSOCIATED PRESS.)
CHRISTIANIA, Jan. 15.—Police hunting for bootleggers discovered that ultra-corpulent persons were wearing round aluminum receptacles strapped around their waists. Now fat folks are tapped with policemen's knuckles. If the taps bring forth a metallic sound the man is invited to the police station.

symbols of America's sacrifice in the World War," reads the committee's resolution "and have been the inspiration of our great war poems and were first improvised and erected by our comrades in the field and are fixed in the minds of the gold-star mothers and fathers of the nation as an impressive emblem of sacrifice for country and humanity."

It was also recommended that the present crosses be removed only "when some appropriate, durable cross, giving the same general effect as the wooden crosses, can be erected."

In the campaign to foster the soldiers' bonus, it was announced that the present crosses would be held in every county in the United States to enlist public support. Necessity for the campaign, John R. Quinn, national commander of the Legion, stated, was dictated by the fact that "wealthy and selfish interests have twisted figures and facts to defeat the measure. The national legislative committee which will have charge of the campaign will meet in Washington next Monday to plan its activities."

MYSTERIOUS FIRE MELTS DEEP SNOW

Hunters Tell of Strange
Green Light Which Came
Down From Sky

(EXCLUSIVE DISPATCH)

NEILLSVILLE (WIS.) Jan. 15.—While homeward bound in a sleigh from a wolf-hunting expedition west of here, Lee Williamson, editor, and Will Dangers, merchant, witnessed a strange phenomenon when the snow in the road ahead of them for several hundred feet was melted by a nebulous green fire, leaving the highway covered with several inches of mud.

Williamson said he and his companion first noticed a faint green light in the sky before them. In less than a minute it had approached to within a few hundred feet and seemed to be whirling rapidly and giving out a high-pitched hum. Its height was estimated at 300 feet and its breadth at fifty feet. The light hovered a moment and suddenly descended to the road. A hissing noise followed and a huge cloud of steam swept about them.

Before they were able to get the team turned around, the greenish haze was within thirty feet of them, then veered off, fused the fence wires and scorched a path through a field for nearly ten rods. Then, almost as suddenly as it had appeared, the light flickered a moment and vanished.

Williamson said he and Dangers examined the road and found it was too hot to touch and that the mud was six inches deep in some places. Their only theory is that some condition of the atmosphere had generated a huge charge of electricity which dissipated itself in heat when it touched the earth and was grounded.

**BRYAN TO GIVE TALK
ON CAMPAIGN OF 1924**

(BY A. P. NIGHT WIRE)
NEW YORK, Jan. 15.—James W. Gerard, former Ambassador to Germany, today announced that William Jennings Bryan would speak to a limited audience of his friends at the Hotel Commodore next Monday night on "The Campaign of 1924." Mr. Bryan's address will be broadcast.

United States Intercollegiate Tennis Stars Going to Europe

STANFORD WILL SEND NET TEAM

Combined Harvard and Yale Outfits to Go

Americans to Meet Oxford and Cambridge

Plans Call for Invasion by British Next Year

NEW YORK, Jan. 15.—Plans for America's intercollegiate tennis invasion of England this summer probably will be completed in the near future as a result of the appointment of a British committee to co-operate with the American International Intercollegiate Tennis Association.

Official consent already has been granted by faculties and athletic authorities for the trip of a combined Harvard-Yale team, while it was probable that another group, composed of Princeton and Leland Stanford players will go abroad. The college stars will play Oxford and Cambridge besides competing against professional teams and taking part as individuals in the Wimbledon championships.

The college committee will devote their efforts toward establishing relations which would result in annual court competition between leading American and British universities. Such competitions would be held alternately in the two countries.

R. Norris Williams, II, of Philadelphia, is chairman of the American committee, while the English committee is headed by Malcolm D. Horn, captain of the Cambridge team.

TULARE ORGANIZES NEW ATHLETIC CLUB

(EXCLUSIVE DISPATCH)
TULARE, Jan. 15.—The Mercury Club is Tulare's latest sports organization. It is composed of a number of local boys interested in basketball, the purpose of the organization being to put one or two independent basketball teams in the Valley Hoop League, which opens next month. The club hopes to form either 110 or 120-pound teams and will begin regular practice in the high-school gymnasium at once.

RIVERSIDE HIGH FIVE AND POMONA LEAD

By a "Times" Staff Correspondent
REDLANDS, Jan. 15.—Pomona and Riverside high schools are leading the Citrus Belt League in basketball, each having won games and lost none. San Bernardino has won one and lost one while Redlands has lost two. There were upsets in the games last week when Riverside defeated San Bernardino, 14 to 9, and the Chaffey team defeated Redlands by a score of 25 to 17.

CRESCENT CREAMERY COMPANY LOS ANGELES

One day Jake cut the bases and...

That catch made by the aid of a flash of lightning had put our side out and won the game. There was no question about the catch being fair.

In all my experience that was the most spectacular finish to a ball game that I ever hope to see.

OUTFIELD LOST IN MIST

There have been several odd cases like that but done so early as Murray's catch. In Chicago only a year ago a mist blew in over the field from the lake and was so thick that the outfielders could not be seen. The Giants and Cubs were playing. McGraw has told me that that was the only game he ever took part in when he couldn't see his outfielders sometimes for two innings. The game having started under those conditions the umpires refused to stop. Pop Young tells me that he was in right field when he heard a ball whistling by his ear. A few minutes later one came to him on the first bounce and he tried to make it appear that he had caught it on the fly. Luckily for the Cubs one of the umpires ran through the fog after the ball and claims he saw Young trap it. Young never denied it.

In one game out at Exposition Park the old pitcher in water, Clarence Baumgartner was playing centerfield. He backed up so far that he was knee deep in water in attempting to catch a fly. He made the catch for the last out but in doing so stumbled and fell going completely out of sight beneath the water.

In a game between Louisville and Cleveland Dummy Hoy was the victim of the funniest accident I think I ever saw. He had backed up as far as he could when he tripped and fell, the ball coming down and hitting him squarely on the head as he lay on the ground. "Looks like we'll have to give our outfielders masks from now on or they'll get their brains knocked out," Fred Clarke remarked when the laugh had died down.

Jake Beckley, a very tricky player in the old days, got caught at one of his own home runs. One day that gave us a big laugh. Jake had a way of hiding the ball under his arm at first base so as to catch the runner when he wandered off.

DIDN'T COME OFF

The batter this day had got a two-base hit and was on second. Beckley took the ball from the outfield and promptly hid it under his arm. He gave the pitcher the sign to go ahead and pretend to pitch.

With everything set the runner made a break to go from second to third sooner than Jake had expected. There was a great lot of yelling and laughing from Jake's teammates but something happened and he couldn't get the ball out from under his arm until the runner was perched on third base. Jake then disgustfully rolled the ball to the pitcher.

Beckley, by the way, was one of the first base runners to use the old trick of cutting across the diamond from second base to the plate without going to third. In the days when we had but one umpire a runner often could get away with that because the umpire would be watching the batter or the ball.

One day Jake cut the bases and...

"BUD" TAYLOR IS EXONERATED

(BY A. P. NIGHT WIRE)
NEW YORK, Jan. 15.—Exoneration of "Bud" Taylor, Terre Haute (Ind.) bantamweight boxer, from blame in connection with the death of Frankie Jarone, who was knocked out by Taylor last Friday night at Madison Square Garden, closed official investigation of the case today. Taylor was exonerated after an hour's examination by Asst. Dist. Atty. Morgan A. Jones, in charge of the homicide bureau. Yesterday a verdict of accidental death had been rendered after an autopsy.

The college committee will devote their efforts toward establishing relations which would result in annual court competition between leading American and British universities.

Such competitions would be held alternately in the two countries.

R. Norris Williams, II, of Philadelphia, is chairman of the American committee, while the English committee is headed by Malcolm D. Horn, captain of the Cambridge team.

Official consent already has been granted by faculties and athletic authorities for the trip of a combined Harvard-Yale team, while it was probable that another group, composed of Princeton and Leland Stanford players will go abroad.

The college stars will play Oxford and Cambridge besides competing against professional teams and taking part as individuals in the Wimbledon championships.

BRANDS SUIT "HUGE JOKE"

Corp. Haresnap Awaits Service in Injunction Action Filed by Gen. Bentel

BY PAUL LOWRY
Action on the speedway fronts yesterday was limited to a few verbal spouts by Corp. Val Haresnap, the local A.A.A. representative, and a rather haughty silence on the part of Gen. Bentel, following his heavy legal barrage of the previous day.

Corp. Haresnap announced that he had not been served with a copy of the complaint for an injunction which seeks to prevent the alleged intimidation of racing drivers on the part of the A.A.A. and other wrongs said to have been suffered by Gen. Bentel and his cohorts at the hands of the A.A.A.

In fact Haresnap said he never expected to be served and that he considered the whole matter a huge joke designed to gain notoriety for the new Asot motor dirt track which Gen. Bentel says he will open next Sunday with a flock of half-drilling automobile races and blood-curdling motorcycle clashes.

NOT A "FURNISHER"

The suit was filed against the A.A.A., set forth in the complaint as a "foreign corporation," and Haresnap declares he is neither a competitor, nor a furnisher, but merely a representative of the A.A.A. contest board, which sits 2000 miles away in New York.

Two Co-Planters' Corp. Haresnap said about service was correct seems to be indicated by Gen. Bentel's failure to follow up the advantage he gained by thrusting at the ear-

my's vital for a front-page communique.

The Asot Asot general did come out of the trenches long enough to announce that forty-eight automobile and motorcycle races would be staged on the new dirt bowl next Sunday. The entry list will close tomorrow night and the general says he ought to have ten more by that time. He neglected to state, however, whether he planned another thrust at the enemy front in the hope of capturing shock troops that could be pressed into service as super-

SET UP A YOWL

Cel. Charles H. Brannaman, the peerless Coast representative of the International Motor Contest Association, which sanctions the dirt races at Asot, into action with a wild yell yesterday and spent a busy afternoon registering the Asot Asot. The Asot Asot sneaked in from the hills without the enemy catching sight of him, and he was seen only when the shades of night had wrapped the city in a blanket of ink (Sanford's blue-black. Adv.)

PIONEERS DEFEAT VENICE BASKETEERS

The Los Angeles High School basketball team handed Venice a 15-to-10 defeat yesterday afternoon in a game played on the Pioneer court. Coach Kirkpatrick's men showed plenty of defensive ability, the veterans, Herman, Beck and May, displaying brains.

At half-time the Romans were on the long end of a 10-to-4 score and they maintained this lead throughout the entire contest. Holmes looked best for the losers. In a preliminary game the Venice lightweight won over the Pioneer heavyweight, 15 to 13, although the local team led the way until just before the closing whistle.

The line-up:

Back (5) P. Holmes (10) Forward (4) C. Beck (10) Guard (2) M. May (10) Center (1) H. Herman (10)

Referee: Los Angeles, Park (4) Newsmen (2) Venice, Coach (4)

FULTON GETS BURY

ST. PAUL (Minn.) Jan. 15.—With a match with Luis Angel Firpo, South American heavyweight champion, in sight if he continues knocking out all comers, Fred Fulton, heavyweight plater-pugilist of Minneapolis, today began winding up his bout with Pop Roper, at Miami, Fla., January 21.

HANS WAGNER'S STORY

(Copyright, 1923, in United States and Great Britain, Cuba, Japan and South America by North American Newspaper Alliance. All rights reserved.)

BY HANS WAGNER

That catch made by the aid of a flash of lightning had put our side out and won the game. There was no question about the catch being fair.

In all my experience that was the most spectacular finish to a ball game that I ever hope to see.

OUTFIELD LOST IN MIST

There have been several odd cases like that but done so early as Murray's catch. In Chicago only a year ago a mist blew in over the field from the lake and was so thick that the outfielders could not be seen. The Giants and Cubs were playing. McGraw has told me that that was the only game he ever took part in when he couldn't see his outfielders sometimes for two innings. The game having started under those conditions the umpires refused to stop. Pop Young tells me that he was in right field when he heard a ball whistling by his ear. A few minutes later one came to him on the first bounce and he tried to make it appear that he had caught it on the fly. Luckily for the Cubs one of the umpires ran through the fog after the ball and claims he saw Young trap it. Young never denied it.

In one game out at Exposition Park the old pitcher in water, Clarence Baumgartner was playing centerfield. He backed up so far that he was knee deep in water in attempting to catch a fly. He made the catch for the last out but in doing so stumbled and fell going completely out of sight beneath the water.

In a game between Louisville and Cleveland Dummy Hoy was the victim of the funniest accident I think I ever saw. He had backed up as far as he could when he tripped and fell, the ball coming down and hitting him squarely on the head as he lay on the ground. "Looks like we'll have to give our outfielders masks from now on or they'll get their brains knocked out," Fred Clarke remarked when the laugh had died down.

Jake Beckley, a very tricky player in the old days, got caught at one of his own home runs. One day that gave us a big laugh. Jake had a way of hiding the ball under his arm at first base so as to catch the runner when he wandered off.

DIDN'T COME OFF

The batter this day had got a two-base hit and was on second. Beckley took the ball from the outfield and promptly hid it under his arm. He gave the pitcher the sign to go ahead and pretend to pitch.

With everything set the runner made a break to go from second to third sooner than Jake had expected. There was a great lot of yelling and laughing from Jake's teammates but something happened and he couldn't get the ball out from under his arm until the runner was perched on third base. Jake then disgustfully rolled the ball to the pitcher.

Beckley, by the way, was one of the first base runners to use the old trick of cutting across the diamond from second base to the plate without going to third. In the days when we had but one umpire a runner often could get away with that because the umpire would be watching the batter or the ball.

Silva Tackles Hamilton at Legion Arena

Teddy Silva and Bud Hamilton have been matched for the main event at the Hollywood American Legion Stadium Friday night, and Manager St. Masters reports that he is making ready to handle another capacity crowd. This will mark Silva's first appearance at Hollywood for some time, and the stadium promises to bulge with his admirers.

Little need be said of Silva's ability. He is an aggressive boxer who forces the fighting every inch of the route and who can punch with either hand. Hamilton hails from the Rocky Mountain country, and in his two appearances at Vernon made a big hit with all of the fans. In his last bout several weeks ago he injured his hand and found it necessary to take a short lay-off from the ring. Once more he is fit, however, and ready to give Silva plenty of argument.

Sid Marks and "Wild Man" Gould will box the semi-main event at 140 pounds. Gould is a new-comer, but Tom Kennedy, who has watched him work, speaks highly of his ability.

Terry Adams and Alec Maurice get together in the special event. Sam Elman and Marty O'Grady, two champions, will meet in the main event. The program ordinarily would be a distance for which he set a new American indoor record a year ago, would be much better than in the shorter distance, where he would encounter two of Europe's best runners, Nurn of Finland, and Wide of Sweden.

RAY URGED TO ENTER 5000-METER RACE

(BY A. P. NIGHT WIRE)
NEW YORK, Jan. 15.—Jole Ray, veteran Chicago distance runner, who starts his Eastern indoor campaign here this week probably will be urged to enter his Olympic efforts for America in the 5000-meter race at Paris instead of the 1500 run, which, as the nearest to the mile, is the Olympic program ordinarily would be Ray's logical event.

Observers believe that Ray's chances of victory at 5000 meters are a distance for which he set a new American indoor record a year ago, would be much better than in the shorter distance, where he would encounter two of Europe's best runners, Nurn of Finland, and Wide of Sweden.

LOCAL FISHERMEN HAVE A GOOD WEEK

Local fishermen fared successfully last week at the Rainbow Angling Club and brought back limits of good-sized trout. Among the anglers were A. E. Miller, H. F. Miller, R. C. Cross, Dr. H. R. Martin, Claude Deagan, C. W. Camp, R. S. Lasher, Edward Cole, Schuyler Cole, Joe Welch, M. H. Adamson and wife, Sam K. Ring, Ceph Salisbury, Mrs. M. J. Neal and J. E. Lauck.

Other local anglers put in their applications for 1924 membership cards, including A. J. Delaney, G. W. Green, Earl McDonald, Eldred Tucker, J. C. Siring, C. McKeag, John A. Flahive, M. H. Adamson, Sam K. Ring, Judge John M. York, Dr. J. Park, Douglas, Dr. J. H. Simpson, C. E. McIntyre, James S. Roche, N. R. Webster, R. E. Fuller, L. C. Torrance and A. C. Hupp.

MUNICIPAL BOXING SHOWS A PROFIT

(BY A. P. NIGHT WIRE)
PORTLAND (Or.) Jan. 15.—The Portland municipal boxing commission showed a profit of \$458.32 for December, according to the monthly report filed with the city clerk.

Many funny things happen on the ball field that do not seem so funny when written on paper. I think a man must see them to appreciate how ridiculous they are. For instance, Lee King got into an argument with Chief Myers, the catcher, one day and started punching at the Indian who had on his mask, his chest protector and his shinguards. "Now there is what I call a man taking the worst of it," Chief Myers got to laughing so that he couldn't fight back. Even the umpire got to laughing and let King go on and play without punishment.

At Forbes Field one afternoon Pitcher Fred Toney was put out of the game by the umpire. He walked over to the bench and asked up a pick and shovel and there by the groundkeeper. Very seriously he walked straight across the diamond with the tools on his shoulder.

We were playing a game at Boston with Bill Klem umpiring and as the score was going against us, I saw a man taking the worst of it. Chief Myers got to laughing so that he couldn't fight back. Even the umpire got to laughing and let King go on and play without punishment.

WEDNESDAY MORNING.

Conference Quintets in Second Games Saturday Night

PROS HOLD BANQUET TONIGHT

The Southern California Professional Golfers' Association is sponsoring a banquet tonight at the Alexandria, at which local and visiting professionals and amateurs will be present. A program of clever acts will furnish entertainment for the guests, while the nourishment is expected to be of the best there is. Over 200 golf enthusiasts will gather around the festive board, including Sarazen, Haver, Ockenden, and other stars. Amateurs who have not already obtained their tickets are urged to see Jack Malley, president of the Professional Golfers' Association at the Los Angeles Country Club, or get them at their own caddy houses.

CRUZERN WINS AT TIJUANA

(EXCLUSIVE DISPATCH)
 SAN DIEGO, Jan. 15.—Cruzern, carrying the light package of ninety-five and admirably ridden by Jockey Garry, defeated Planet over the mile route today. The latter was made odds-on favorite, but did not have quite enough stuff to turn the trick. Cruzern opened up a big lead which Planet slowly reduced and at the wire Cruzern was little more than a neck in the lead.

The fourth, a short sprint of four and one-half furlongs, went to Pullant, with Duty Boy second and Havanna Electric third. Brandels finished on the outside of the track and was an easy winner of the third race, a five and one-half furlong sprint for 3-year-olds. Vesper Bells outfooted a field of eight entered in the second at three-quarters and won by two lengths.

ALL SET FOR BIG BOUT

(EXCLUSIVE DISPATCH)
 HOT SPRING (Ark.), Jan. 15.—Jack Kearns shortly after his arrival here, admitted that "practically everything is set" for the match between Jack Dempsey and Tom Gibbons for the heavyweight title about May 30.

That the match was out and dried several days ago, so far as Kearns and Tex Rickard were concerned, was borne out by remarks dropped by the champion's manager.

Humphrey is Low Man in Golf Event

By a "Times" Staff Correspondent
 REDLANDS, Jan. 15.—The Class B men played more consistent golf in the week-end at the Country Club this week than did the Class A men. For the group of G. P. Humphrey, who won the Class B for the week, was 12, while that of P. H. Jackson, winner of Class A, was 95. The scores in the two classes were:

Class	Score	Player
Class A	95	P. H. Jackson
Class B	12	G. P. Humphrey

MAC SMITH IS STILL LEADING

(Continued from First Page)
 and Clark Speirs following with 154 each.

STARS LEFT OUT
 Scores of 154 and under qualified for the final thirty-six holes of play, such eminent players as Willie Hunter, E. S. Armstrong, Fred Barber, Johnny McHugh, State amateur champion, Arthur Haver, James Ockenden and Harold Hurley just squeaking in, while Fred Wright and Arnold Mac Smith's round yesterday was nothing exceptional, finishing each nine holes 3 over par. On the last four holes he blew up completely, taking enough putts to wear out half a dozen balls. His card follows:

Round	Score	Player
First	74	Mac Smith
Second	80	Mac Smith
Total	154	Mac Smith

The now famous seventeenth hole of the link shared the gallery with Gene Sarazen and Macdonald Smith yesterday. So many high scores were made on this tricky green both Monday and yesterday that the spectators gathered around it to see the stars battle with the law of gravity.

A new record was set yesterday by Capt. T. E. Sharp of San Diego. Nicely on with his tee shot, Sharp took ten putts before he could sink his ball, the slant of the green carrying his ball into the rough time after time. Abe Eppins took a 5 on the hole, Robert Beaver 4, and other players of renown were from two to six strokes over par.

GREENS BOTHERSOME
 Practically all the entrants in the tournament had difficulty in their putting yesterday, the redoubtable Willie Hunter taking four putts on two greens during his trap around the north course. Sarazen's score was about four strokes higher than it would have been if he had figured his putts better, while hardly a golfer escaped three putts on at least two greens.

Two rounds will be played today, both on the north course. Pairings for today, and qualifying scores follow:

Round	Score	Player
1st	74	Mac Smith
2nd	80	Mac Smith
Total	154	Mac Smith

LOVELA TOSSEWS WIN
 The Loyola College 118-pound basketball team trimmed Huntington Park yesterday, 14 to 17, at Huntington Park. Revenge was acquired by the Huntington Park ninety-pounders, however, for they defeated the Loyola bubbleweights, 19 to 13.

OBSERVATIONS OF BYSTANDER

(Continued from First Page)
 U.S. squad has been pretty nearly everything that a coach could ask. And incidentally, this is said to be just the kind of a team that Coach Turner has been looking for, a flock of mammoth young men who have speed and experience to add to their size.

NEWSIES PULL OFF BOXFEST TOMORROW

Six boxing bouts and two wrestling contests are carded for the Newsboys Athletic Club, 108 North Spring street, for tomorrow night. Carlo Curtis, manager of the newsboys club, has arranged a program which he is confident will outshine all past efforts.

JOHNNIES TO PLAY CRICKET

Local Eleven Meets Santa Barbara Team; Supporters to Gather Tonight

Some one has said that the way to make an Englishman happy when he is old is to tell him a joke when he is young, but the local colony of Brit-liners, although they are desirous of being happy, are right now very serious about it, as the cricketers are to be ushered in here with a meeting this evening of all interested in the game. A club has already been formed, but those connected with the organization desire to include all local players, and to this end the confab has been called for 8 o'clock at 427 Wall street.

There will be a match Sunday at the Glenview sports ground between the local and Santa Barbara teams. Those who are fond of watching early in the morning to get the benefit of the first or second rays of Old Sol will do well to wander out and see the match, who hope to turn the tables this time.

Norrick H. Robotham, 533 Bryson Building, is secretary of the local club and desires to get in touch with any players interested in the game.

BAY LEAGUE CAGE SCHEDULE IS OUT

By a "Times" Staff Correspondent
 HUNTINGTON PARK, Jan. 15. The following schedule has been announced by the management of the local basketball squad of the high school, for the Bay League during the present season:

Heavyweights and Class B—January 15, Huntington Park at Compton; January 22, Huntington Park at Redondo; January 29, Huntington Park at Torrance; February 5, Huntington Park at Torrance; February 12, Huntington Park at Torrance; February 19, Huntington Park at Torrance; February 26, Huntington Park at Torrance; March 5, Huntington Park at Torrance; March 12, Huntington Park at Torrance; March 19, Huntington Park at Torrance; March 26, Huntington Park at Torrance; April 2, Huntington Park at Torrance; April 9, Huntington Park at Torrance; April 16, Huntington Park at Torrance; April 23, Huntington Park at Torrance; April 30, Huntington Park at Torrance; May 7, Huntington Park at Torrance; May 14, Huntington Park at Torrance; May 21, Huntington Park at Torrance; May 28, Huntington Park at Torrance; June 4, Huntington Park at Torrance; June 11, Huntington Park at Torrance; June 18, Huntington Park at Torrance; June 25, Huntington Park at Torrance; July 2, Huntington Park at Torrance; July 9, Huntington Park at Torrance; July 16, Huntington Park at Torrance; July 23, Huntington Park at Torrance; July 30, Huntington Park at Torrance; August 6, Huntington Park at Torrance; August 13, Huntington Park at Torrance; August 20, Huntington Park at Torrance; August 27, Huntington Park at Torrance; September 3, Huntington Park at Torrance; September 10, Huntington Park at Torrance; September 17, Huntington Park at Torrance; September 24, Huntington Park at Torrance; October 1, Huntington Park at Torrance; October 8, Huntington Park at Torrance; GREEK REFUGEE RANKS THINNING
Starvation Simplifies Work of Rehabilitation
Morgenthau Commission Yet to Give First Help
League Forfeits Confidence of Government

BY RAYMOND FENDRICK
[BY CABLE-EXCLUSIVE DISPATCH]
ATHENS, Jan. 15.—The League of Nations scheme for the rehabilitation of the Greek refugees from Asia Minor daily is becoming more and more a tragic failure.

Members of the Morgenthau commission which the League sent to Athens on November 12 have made only a most casual inspection of the refugee camps, have drawn up only the most hazy plans for relief, have not yet started to build up an organization (the Greek government's organization of 4000 persons is not sufficient for the work it is doing) and has not yet rehabilitated a single refugee.

Despite credits of \$1,000,000 available for any scheme of rehabilitation which may be adopted, active work will be postponed until June when Henry Morgenthau is going to America to try to float a League loan of \$10,000,000.

DIE IN OPEN FIELDS
The problem of the rehabilitation of 150,000 refugee women, children and old people (The Greek government has placed about 500,000 on farms and about 400,000 others are helping themselves to some extent) will be greatly simplified by summer or autumn because these weaker ones are dying in the open fields and open camps of Macedonia at such a shocking rate that the government does not have the courage to compile any statistics.

At Saloniki the other day I saw twenty burials in one hour at just one of the several score refugee cemeteries around the city. In one day last week ten from to death in the street of Saloniki during a snowstorm.

These 250,000 refugees are now spending their second winter in rude camps and caves, principally in Macedonia, and the Greek authorities fear that most of them will be dead by autumn. The Greek revolutionary movement, harnessed at every side, did its best to care for all the refugees. The new Greek government is without resources.

SEEKS LOANS DIRECT
The Greek government has built up a complete and efficient organization to handle the refugees and was ready to turn it over to the League several weeks ago. But it was discovered that the Morgenthau commission was not functioning.

Now the Athens government has decided to keep control of this organization and to seek loans in England and America direct instead of through the League.

Many Greek newspapers are indignant at the League but they have been ordered to remain silent.

ESPEE FILES BRIEF IN CENTRAL PACIFIC CASE
OPPOSES REVIEW OF RULING APPROVING RETENTION OF LINES CONTROL

[BY A. P. NIGHT WIRE]
WASHINGTON, Jan. 15.—The Southern Pacific Company filed in the Supreme Court today a brief in opposition to a motion by Charles H. Yarnall, a stockholder of that company, to have reviewed the Utah's Federal Court decision approving the action of the Interstate Commerce Commission in permitting the Southern Pacific Company to retain control of the Central Pacific Railway.

Asserting that the time in which the decision of the lower court could be reviewed on appeal had elapsed, the Southern Pacific Company asserted there could be no question of the right of the Interstate Commerce Commission to act in the matter.

BANDITS ROB BANK PATRONS IN MINUTE

[BY A. P. NIGHT WIRE]
ST. LOUIS, Jan. 15.—In one minute, six armed men held up twenty persons in the West St. Louis Trust Company, fired several shots, apparently to intimidate them, and secured two automobiles with \$28,850. The robbery took place several minutes before an armored truck arrived to take the money. The assignment of the cash from the bank to the Federal Reserve Bank.

CONSTABULARY FORCE TO QUEL FANATICS

[BY CABLE AND ASSOCIATED PRESS]
MANILA, Jan. 15.—It was learned here today that a constabulary force has landed on Bucos Island, where eighty religious fanatics and nineteen members of the constabulary were killed in a clash last week. The body of constabulary was found beside the body of a fanatic. It is believed here that the constabulary will be able to scatter the fanatics and send them to their homes without further trouble.

TRANSPORTING BOUT PICTURES CHARGED

[BY A. P. NIGHT WIRE]
SAN FRANCISCO, Jan. 15.—Perry Oliver was indicted by the United States grand jury here today on a charge of transporting films of a boxing contest between Jack Dempsey and Luis Firpo from Vancouver, B. C., to San Francisco. The indictment was returned on the strength of a recent showing of the film here to a number of disabled veterans and Army officers at the San Francisco Presidio. No charge was made for the exhibition. The United States Attorney said.

MIDDLE WEST NEWS IN BRIEF
[EXCLUSIVE DISPATCH]
OMAHA, Jan. 15.—Among Omahans who will spend the winter in Southern California are the Misses Ida and Alice Alexander, who are leaving for San Diego; J. A. Cavers and daughter, Mrs. Marjorie Cavers, Mr. and Mrs. F. L. Nesbitt who will go to Los Angeles.

Mrs. William Coppock and son John, of Council Bluffs leave Wednesday for California, where they plan to remain during the rest of the winter.

Telephone service over the long-distance lines was practically restored at York yesterday after a period of isolation since the storm of last week, which broke many wires. Many dead birds were found in the wires which were borne down by the heavy coating of sleet and the force of wind.

The Goldenrod Highway between Beatrice and Fairbury is still blocked with snow. A force of men is engaged clearing the road and has reached a point twelve miles west of Beatrice, encountering huge drifts. The line will not be opened for several days. In some localities farmers are unable to reach town because of deep drifts, the roads being completely blocked.

DES MOINES
DES MOINES, Jan. 15.—A war is to be waged against the bootleggers in the vicinity of Sac City by the K. K. Club. The cleanup campaign was launched by the regular meeting last week when it was brought to light that the youth of the city had been staging wild parties. An effort will be made to locate the source of their supply.

Marnie Savings Bank of Marnie, twelve miles west of Atlantic, Iowa, is being organized by a board of directors. Slow collections are blamed for the closing. The bank was capitalized at \$20,000 with deposits of \$18,000.

After nearly fifty years of existence, being the first of Sioux City's hospitals to be organized, the New Samaritan Hospital at Sioux City, Iowa, is being sold to the Methodist Hospital and will be taken over about February 1.

W. G. Henke, Charles City attorney, has brought action to collect \$1200 he alleges is due him for services from Helen Schultz, Iowa bus queen during her fight with the railroads of Iowa, which were seeking to have her busses barred from the highways.

Mrs. J. C. Jones, 65 years of age, pioneer resident of Farragut, died yesterday at her home in Boulder, Colo. Mrs. Jones was survived by her husband and eight children.

KANSAS CITY
KANSAS CITY, Jan. 15.—Miss Lillian C. Elliott, Mrs. Ella Kemp and Mrs. P. R. Cameron all suffered broken legs from falls on icy streets here yesterday.

The Bank of Overland, in Scott county, with resources of approximately \$264,889, has been closed by the board of directors. This is the first bank closed in Missouri in 1924. The action was due to frozen loans.

Henry W. Harren, member of the State House of Representatives from Lincoln county Kansas, in 1921 and 1923, is dead following a siege of pneumonia. For many years Harren was one of the leading farmer-stockmen of Lincoln county.

LOUISVILLE
LOUISVILLE, Jan. 15.—The Anderson Nelson distillery plant covering a block of ground on Hamilton avenue, near Payne street has been sold by the Kentucky Distillers Warehouse Company to the Moll Company. With the wrecking of the ten brick buildings comprising the plant proper and three smaller outside buildings, which is expected by Mr. Moll to take about six weeks, the last chapter will have been written for one of Louisville's most famous landmarks.

The body of Robert Overton, 55 years of age, chemist, has been recovered from Bear Grass Creek, about one mile below where his automobile plunged into the water more than a week ago.

Due to a second cold wave, demands have been heavy on Louisville charitable organizations, practically all of which notice an increasing number of calls from persons from rural sections near Louisville. Great numbers of persons from Grayson and Butler counties have been making application for assistance.

MILWAUKEE
MILWAUKEE, Jan. 15.—Police are seeking one of two men engaged in a street fight, who made a wild swing, completely missing his adversary, and striking Rudolph Kohler, 38 years of age, in the head, knocking him down and fracturing his skull. The fight, which drew Mr. Kohler as a spectator, occurred in front of a dance hall at Fifty-first avenue and Burnham street. Kohler, who is president of the West Allis Woodworking Company, died in the County Hospital. He leaves a widow and six children.

Seventy-two persons were killed and 2707 were injured in 6242 accidents in Milwaukee in 1923, according to figures compiled by the Safety Commission.

Anthrax claimed its second victim in Wisconsin in twenty-two years, according to medical men of Neenah, when Ferdinand Pluger, 68 years of age, died at his home there. While the source of the infection has not been definitely established, a shaving brush presented to Pluger as a Christmas gift is suspected.

Clark Kluney, former president of the Three Lakes National Bank, was found not guilty on a charge of misappropriation of the bank's funds by a jury verdict returned in Oneida county Circuit Court at Rhinelander.

ST. LOUIS
ST. LOUIS, Jan. 15.—Mr. and Mrs. William H. Tule, of Santa Barbara, Cal., who have been the guests of Mr. and Mrs. Claude Kennerly of Portland Place, are leaving for their home in the West. M. L. Wilkinson, president of the Scruggs-Vandervoort-Barney Dry Goods Company, is in Denver, Colo., negotiating for the purchase of the Denver Dry Goods Company's department store. It is learned. Plans for the purchase are in the tentative stage.

In 1923 the State Department of Finance closed twenty-eight State banks, of which eight have reopened or have been taken over by other banks. It is estimated that directors, stockholders, sureties, companies, officers of banks, lost close to \$2,500,000 in making up

AROUND-WORLD VISION AUGURED
Wireless Film Developed by Frenchman
Explorers Able to Transmit Scenes at Once
Rapid Receiving Only Real Difficulty

[BY CABLE-EXCLUSIVE DISPATCH]
[Copyright, 1924, Public Ledger.]
LONDON, Jan. 15.—Television—seeing by wireless—will become an accomplished fact this year but in a crude form, this summer, according to the eminent physicist, E. Fournier d'Albe.

"I am certain of it," he said in an interview today. "It will be possible to watch events on the motion-picture screen while they are happening."

"Later, explorers will carry television cameras with them. They will climb Mt. Everest or penetrate to the North Pole or stalk big game or examine the floor of the ocean and we, sitting in ordinary picture theaters hundreds or perhaps thousands of miles away, will accompany them step by step."

LIMIT PLACED
"I see no reason why in ten years' time we should not be able to see what is happening on the other side of the globe. It is only a matter of effort and research."

Dr. d'Albe explained that would be possible on account of the tremendous progress made in the construction of highly delicate wireless receiving sets by M. Jellin, the French inventor, who has calculated that to transmit a moving image satisfactorily it will be necessary to send 300,000 signals a second. Dr. d'Albe calculates 300,000 a second, allowing 10,000 dots for each separate picture.

EXACTNESS NEEDED
"Rapid sending," he points out, "is far simpler than receiving, but the simplification of the latter is proceeding at a rapid pace. The synchronization of the sender-receiver must be absolutely perfect. A variation of one-thousandth of a second means spelling the picture."

It is the conquest of this elaborate problem which he promises within a year.

Dr. d'Albe recently perfected an apparatus for transmitting photographs by wireless from an airplane. When the airplane is in the picture he puts it through a developing machine, which afterward transmits it to a land base. The whole operation is possible within half an hour. The principle of this feat is turning light into sound by means of selenium, as the inventor has done with the optophone, which enables the blind to read by sound.

ATASCADERO IS BURNING
Fire officials here today said that Atascadero, Cal., is burning. The town is about 100 miles from Los Angeles. The fire is about 100 miles from Los Angeles. The fire is about 100 miles from Los Angeles.

PEPPER WOULD SHOW PROHIBITION BENEFITS
[BY A. P. NIGHT WIRE]
WASHINGTON, Jan. 15.—Prohibition should be pictured to the youth of the nation in terms of "sportsmanship and manly strength," Senator Pepper, Pennsylvania, told the Anti-Saloon League of America today. Representative Temple of Pennsylvania, declared that there was "no prospect whatever of legislation to weaken the Prohibition Enforcement Act."

WORLD FLYER LEAVES FOR SANTA MONICA
[BY A. P. NIGHT WIRE]
DAYTON (O.) Jan. 15.—Lieut. Erle Nelson, McCook field engineer officer of the proposed cruise around the world by four army airplanes, left Dayton today for Santa Monica, Cal., where he will supervise the building of the three plane for the trip, one already having completed its tests.

BAY CITY SPORTING WRITER IS CALLED
[BY A. P. NIGHT WIRE]
SAN FRANCISCO, Jan. 15.—William J. (Spike) Slattery, for a number of years the sporting editor on the old Morning Call and sporting writer on other papers here, died at his home today. He leaves a widow and two children. Slattery was employed by the Chronicle when he was taken ill several months ago.

GRAZING FEES WILL NOT BE INCREASED
[BY A. P. NIGHT WIRE]
OMAHA, Jan. 15.—Assurance there will be no increase this year in the public forest grazing fees was given delegates attending the annual convention of the American National Live Stock Association by Secretary of Agriculture Henry C. Wallace in an address this afternoon.

PHILIPPINE HOUSE TO VOTE ON LIBERTY PLAN
[BY CABLE AND ASSOCIATED PRESS]
MANILA, Jan. 15.—A resolution has been prepared for immediate introduction in the Philippine House of Representatives asking Congress to approve Representative Cooper's pending resolution authorizing the Philippines to hold a convention to frame a constitution for a republic.

185-10190-10195-10200-10205-10210-10215-10220-10225-10230-10235-10240-10245-10250-10255-10260-10265-10270-10275-10280-10285-10290-10295-10300-10305-10310-10315-10320-10325-10330-10335-10340-10345-10350-10355-10360-10365-10370-10375-10380-10385-10390-10395-10400-10405-10410-10415-10420-10425-10430-10435-10440-10445-10450-10455-10460-10465-10470-10475-10480-10485-10490-10495-10500-10505-10510-10515-10520-10525-10530-10535-10540-10545-10550-10555-10560-10565-10570-10575-10580-10585-10590-10595-10600-10605-10610-10615-10620-10625-10630-10635-10640-10645-10650-10655-10660-10665-10670-10675-10680-10685-10690-10695-10700-10705-10710-10715-10720-10725-10730-10735-10740-10745-10750-10755-10760-10765-10770-10775-10780-10785-10790-10795-10800-10805-10810-10815-10820-10825-10830-10835-10840-10845-10850-10855-10860-10865-10870-10875-10880-10885-10890-10895-10900-10905-10910-10915-10920-10925-10930-10935-10940-10945-10950-10955-10960-10965-10970-10975-10980-10985-10990-10995-11000-11005-11010-11015-11020-11025-11030-11035-11040-11045-11050-11055-11060-11065-11070-11075-11080-11085-11090-11095-11100-11105-11110-11115-11120-11125-11130-11135-11140-11145-11150-11155-11160-11165-11170-11175-11180-11185-11190-11195-11200-11205-11210-11215-11220-11225-11230-11235-11240-11245-11250-11255-11260-11265-11270-11275-11280-11285-11290-11295-11300-11305-11310-11315-11320-11325-11330-11335-11340-11345-11350-11355-11360-11365-11370-11375-11380-11385-11390-11395-11400-11405-11410-11415-11420-11425-11430-11435-11440-11445-11450-11455-11460-11465-11470-11475-11480-11485-11490-11495-11500-11505-11510-11515-11520-11525-11530-11535-11540-11545-11550-11555-11560-11565-11570-11575-11580-11585-11590-11595-11600-11605-11610-11615-11620-11625-11630-11635-11640-11645-11650-11655-11660-11665-11670-1

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creosolene, an emulsified creosote that is pleasant to take. Creosolene is a new medical discovery with twofold action; it soothes and heals the inflamed membranes and stops the germ. Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creosolene contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creosolene is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist, Creosolene Co., Atlanta, Ga.—(Advertisement.)

Wash Away Eczema!

From the foothills of the Sierra Nevada Mountains comes a natural mineral solution that has produced amazing results in some of the most stubborn cases of eczema. Sufferers who were never able to get any permanent benefit from other forms of treatment, find that this remarkable solution, known as K-I-La-Oa, quickly removed every trace of eczema from their bodies. Burning and itching stopped almost instantly, red, scaly patches disappeared and the diseased skin soon took on the radiant glow of health under the healing influence of this marvelous liquid.

If you are bothered with eczema or any skin eruption, don't endure the misery another day. Just apply K-I-La-Oa with a soft sponge and watch results. There's nothing like it in all the world—a blessing from Nature's own laboratory. Free at all Owl Drug Stores and other leading druggists. The K-I-La-Oa Company, Sacramento.—(Advertisement.)

NOTICIAS MUNDIALES DE ULTIMA HORA

En obsequio a nuestros numerosos amigos de habla española, y para beneficio de las lecciones subvencional "The Times" que estudian esta lengua, publicamos diariamente esta columna en castellano, con un extracto de las más importantes noticias de última hora.

Buena parte del futuro progreso de Los Angeles, que es la metrópoli de los Estados Unidos que más crece, se halla a territorio latino-americano, habrá de depender de las relaciones que logremos establecer con nuestras hermanas, las repúblicas del sur. Para que lleguen a ser enraizadas cordiales, no hay nada tan importante como que nuestros ciudadanos se familiaricen con la lengua castellana. Tan se dan cuenta de este hecho nuestros habitantes, que hay al presente más de 25,000 personas que estudian español en Los Angeles. A ellos les conviene leer todos los días esta columna, en la que encontrarán español correcto y castreanismo moderno.

NOTAS TELEGRAFICAS

Noticias de Washington
WASHINGTON, Enero 15.—Se discutirá en la Suprema Corte la constitucionalidad del tribunal industrial de Kansas.

La Comisión militar de la Cámara manifestó que iba a tomar rápidas providencias en el asunto de Mueble Rhoads. El senador republicano, hizo una moción para reducir las leyes de flete sobre productos e implementos agrícolas a lo que eran antes de la guerra. Las cifras que ha publicado el Ministerio de Comercio arrojan una balanza favorable a los Estados Unidos en su comercio exterior, de \$275,449,317, para el año de 1923.

El Ministerio de Estado ha dado instrucciones al Encargado de Negocios en México, señor Sumner, de que inicie negociaciones con el asunto de restringir la comunicación cablegráfica con los Estados Unidos, vía Veracruz y Galveston.

Répase en el Ministerio de Estado que el gobierno de Washington se está preparando para la guerra de no deberá ser estorbado el comercio americano con el puerto de Tampico.

Rece el Terror en Yokohama
TOKIO, Enero 15.—El japonés se halla de nuevo angustiado por otro desastre sismico, el segundo que ha habido en los últimos seis meses. En el momento del pánico toda la isla de Honshu, que es la principal del archipiélago japonés, Tokushima, que en septiembre último quedó arrasada por el incendio que originó el temblor, ha sido víctima otra vez de los terremotos.

En Tokio se cree que las víctimas ascienden a cincuenta, y nada se sabe de otras ciudades cuyas comunicaciones han sido destruidas por el siniestro. Preséense, sin embargo que haya habido en ellas centenares de víctimas.

DEPORTES

Golf
Macdonald Smith, profesional de San Francisco, continuó poniendo cadera a los demás jugadores de golf que se han inscrito para el campeonato libre de California, habiendo logrado ayer una anotación de 16 en la pista norte del Club Campestre de Los Angeles. Sumada con los 68 tiros de ayer, produce un total de 144 para los primeros 25 jugadores del juego.

Basketball
El instructor Lee Turner y ocho de sus jugadores de basketball de la Universidad de Sudcalifornia, salieron rumbo al norte mañana en la noche, a fin de encontrarse con los cinco de la Universidad de California, en juegos que se efectuarán en Berkeley las noches del viernes y sábado. Los Troyanos han tenido un mes completo de adiestramiento en Los Angeles y sus alrededores.

Teddy Silva y Bud Hamilton han ganado el título de campeón de la Universidad de Sudcalifornia, en la categoría de peso ligero, al derrotar a los dos mejores jugadores de la división en la pista norte del Club Campestre de Los Angeles. Sumada con los 68 tiros de ayer, produce un total de 144 para los primeros 25 jugadores del juego.

LOSS ON BARLEY DUE TO DRY ERA DENIED

MINNEAPOLIS, Jan. 15.—Statistics contradict a recent statement by E. G. Quamme, president of the Federal Land Bank, that the loss of the barley crop in Minnesota was a record. The loss was a record, but the average price a bushel has increased. Moreover, he added, barley maintains its relative place in the country over as seventh greatest source of farm income, the same position it has before the Federal Prohibition Act.

In 1913, 1,450,000 acres were planted to barley in Minnesota, in 1923, 842,000. The average price a bushel for the four-year period from 1909 to 1913 was \$5.4 cents. From 1919 to 1923, it was 60.4 cents.

LIMESTONE DEPOSIT FOUND
NEW LISBON (Wis.) Jan. 15.—A deposit of several million tons of high-grade limestone has been discovered on the farm of George Satters and Ole Thomson, near the Juneau-Monroe county line. Chemical tests made on this stone show a neutralizing power equal to 91.5 per cent calcium carbonate.

FAMED YANKEE DIPLOMAT DIES

Lingering Sickness Takes Dr. Maurice Egan

Dean of Service Held Post Years in Denmark

Widely Known as Lecturer, Editor and Author

(BY A. P. MORT WIRE)
NEW YORK, Jan. 15.—Dr. Maurice Francis Egan, former Minister to Denmark, died at his home in Brooklyn late today. Dr. Egan was taken seriously ill early last September, when he was reported to be suffering from chronic kidney trouble at his summer home at Beach Haven, N. J. In October, his physicians held but little hope for recovery and his relatives were summoned.

Several weeks later, however, he had so far improved that he was removed to a sanitarium in Brooklyn, and later to his home there. His condition again became critical last week.

UNDER THREE PRESIDENTS
Serving under three Presidents as Minister from the United States to Denmark, Dr. Egan at the time of his retirement had the distinction of being the dean of the American diplomatic service, and was widely known as an author, editor, teacher and lecturer. He was born at Philadelphia, May 24, 1852.

Dr. Egan was educated at La Salle College and Georgetown University and for several years thereafter occupied himself as editor of various Roman Catholic publications.

In 1893, he became professor of English literature in the University of Notre Dame in Indiana. Seven years later he was appointed to a similar position at the Catholic University in Washington, D. C. During this period, Dr. Egan was author of numerous novels, and volumes of poems and essays of nonfiction. He was well-known as a literary figure in the late nineteenth and in the early years of the twentieth century and held many academic degrees.

SUPPORTED COOK
Dr. Egan went to Denmark as Minister in 1907. After serving under three Presidents, he was forced in 1912 to resign because of ill health, having become at that time dean of the American diplomatic service.

He was in Copenhagen in 1909 when Dr. Cook arrived from the polar regions with the story of the discovery of the North Pole. Egan, coming a central figure in the Cook controversy because of his defense of the explorer, he remained in his position only when Cook's claims were proven false. Later Dr. Egan took a prominent part in the purchase by the United States of the Danish West Indies. In 1919, Dr. Egan was elected to the American Academy, succeeding Theodore Roosevelt. He was decorated by the King of the Belgians in 1906 and the King of Denmark in January, 1921.

VETERAN AIRMAN TO QUIT FLYING

(BY A. P. MORT WIRE)
OMAHA (Neb.), Jan. 15.—Lloyd H. (Jack) Atkinson, veteran aviator, winner of a speed and efficiency air contest at the International air races at St. Louis last year, has announced his retirement from flying. He said he wanted to be at home with his family here. He is said to have been the first man to cross the continental divide in an airplane.

WANT LONG-AND-SHORT HAUL CLAUSE TO STAY

(BY A. P. MORT WIRE)
SALT LAKE CITY, Jan. 15.—Several local business men testifying before an examiner of the Interstate Commerce Commission today declared interterminal industries will be threatened if permission is granted to railroads to violate the long-and-short haul clause of the Transportation Act. The railroads contend that violation is necessary to meet water route competition while business firms of the territory oppose it on the ground that it will be injurious to them.

STANDARD OIL CHIEF BURIED BY MASON

(BY A. P. MORT WIRE)
SAN FRANCISCO, Jan. 15.—The funeral of J. C. Fitzsimmons, general sales manager of the Standard Oil Company (California), who died on the 11th inst., was held from the Masonic Temple here today. The regular meeting of the board of directors of the company was adjourned today in memory of Mr. Fitzsimmons and the company's offices were closed from 10 to 3 p.m.

SPECIAL SESSION IS CALLED IN MONTANA

(BY A. P. MORT WIRE)
HELENA (Mont.), Jan. 15.—Gov. Joseph M. Dixon today issued a call for a special session of the Montana Legislature to convene at 9 a.m. on the 22nd inst. for the purpose of enacting appropriation laws to remedy the situation brought about by the recent decision of the Supreme Court which declared void appropriation laws passed at the regular session and vetoed in part by the Governor. Legislation to validate the war-time now pending against State appropriations also will be considered.

ENGINEER GIVEN BLAME IN WRECK

(BY A. P. MORT WIRE)
WASHINGTON, Jan. 15.—The wreck of the Twentieth Century Limited train of the New York Central near Forthright, N. Y., on December 9, 1923, which resulted in the death of nine persons and the injury of thirty, was caused by the failure of Engineer Patterson, driving the train following it, to obey automatic block signals. Interstate Commerce Commission inspectors reported.

BANKER HAS POSITION ON PRISON BODY

Bay City Men Named by Richardson to State Board of Directors

(BY A. P. MORT WIRE)
SACRAMENTO, Jan. 15.—Gov. Richardson today announced that he had appointed George A. Van Smith, San Francisco banker, as member of the State Board of Prison Directors to succeed C. E. McLaughlin of Sacramento, whose term expired last Saturday.

Van Smith is vice-president of the Anglo and London Paris National Bank of San Francisco. The Governor's statement regarding the appointment, said: "I have substituted a business man for a lawyer on the prison board because the board is charged with the management of the two State prisons and the prisons are big business concerns, requiring careful, economical, efficient and business-like management."

I have drafted George A. Van Smith for the position because he is an experienced business man, has been for years a close student of prison management and is favorable to humane treatment and reformatory methods in handling prisoners."

British Resume Relations With Greek Cabinet

(BY CABLE AND ASSOCIATED PRESS)
LONDON, Jan. 15.—The Foreign Office today announced that normal diplomatic relations have been resumed between the British and Greek governments.

This action follows the return to Greece and the formation of a Cabinet by M. Venizelos to succeed the revolutionary government which assumed power in 1923.

ICE PLANT BURNS

(BY A. P. MORT WIRE)
RENO, Jan. 15.—Fire destroyed the ice plant of the Union Ice Company at Boca, Cal., near here this morning, melting 3500 tons of ice and causing a loss of \$25,000.

Desert Secret Told by Indian

Tells of wonderful mineral water, known only to his tribe for generations which unfailingly banished disease known today as Bright's Disease, Diabetes, Madder and Kidney Troubles, High Blood Pressure, Pyorrhea and other allied complaints. So this is the Spring tailor—and its companion sports

For her spring, 1924 tailor, Fashion also marked preference for simple elegance

The line is the thing, and after that comes distinguishing touches that proclaim the artist of tailors. The very unassuming culture of the left, for instance, may be worn smartly or it may be laid gracefully back. Fava tail \$75. Pleats, if you've a penchant for them, are quite correct. With an added dash when edged with a brilliant plaid as the skirt at the right shows. The youthful collar which boasts button and bow adds much to this typical outfit. Navy Poirer, \$9.75. Sizes for misses and small women.

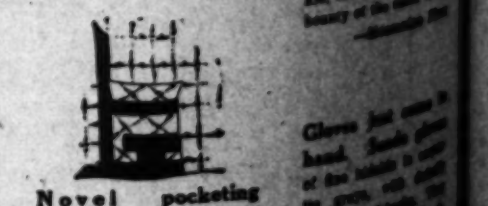

A collarless coat here and there relieves the usual in receding and offers something distinctly different. Braiding on the one sketched is of the same soft twill as the suit. \$75.

Back seams with their rows of tiny bows set one coat apart as extremely individual. The same suit has a clever cuff and front fastening. \$50.

Cuffed and pocketed in the smartest manner are the innumerable plaid flannels and velvets of which many spring suits are fashioned. \$55.

Novel pocketing noted on a soft gray home dress, brilliantly checked with orange and green. \$50. Hamburgers—Second A.

FOUND POISONED**

Police Told She Was Victim
of Kidnapers
Says Two Mexicans Lured
Her Into Auto

**Sluggers Into Home After
Regaining Mind**

MONROVIA, Jan. 15.—The victim of an alleged kidnapping, Mercedes Brant, 13 years of age, Monrovia High School girl, has today in Monrovia Hospital. The girl is suffering from shock and from effects of being poisoned.

She was found at the home of Mrs. Hugh Marshall, 933 West Oak avenue, last night about 8 o'clock while she was in bed. The girl was found by a neighbor who called the police. She was found in a state of unconsciousness. She was found in a state of unconsciousness. She was found in a state of unconsciousness.

**Woman Faces
Trial for Auto
Manslaughter**

By a "Times" Staff Correspondent
LONG BEACH, Jan. 15.—Mrs. Edna Bledsoe, of 1407 East 7th street, was held for trial in Superior Court by Judge John Hawkins today on a manslaughter charge. She was held at \$10,000.

**HOME ROBBED WHEN
MILLIONAIRE IS AWAY**

LOCAL CORRESPONDENCE
SAN FERNANDO, Jan. 15.—Frank A. Kemp, Minnesota iron-mine millionaire and Montebello oil-well owner, on returning to his home here after a visit to the South, found that during his absence his residence had been robbed. Entrance was gained by a second-story window, which was reached with a ladder. A dress suit, tuxedo and palm beach suit and considerable jewelry were taken.

**VALLEY ASSOCIATED
CHAMBERS GATHER**

LOCAL CORRESPONDENCE
LANKERSHIM, Jan. 15.—Fourteen valley civic organizations were represented tonight at the first 1934 meeting of the Associated Chambers of Commerce and Industry of the Valley. Mission Acres was the scene of the meeting and banquet. Capt. Richmond P. Hickman was the principal speaker, talking on the best methods to be followed in the suppression of the narcotic-drug traffic.

**GOLD THIEF ROBS
DENTISTS' OFFICE**

By a "Times" Staff Correspondent
PASADENA, Jan. 15.—Reports that a gold thief is operating in Pasadena with apparent success were received at the Pasadena police station today. Dr. D. H. Bowen, 12 South Euclid avenue, and Dr. N. O. Palmer, 178 South Lake avenue, both dentists, reported that approximately \$500 worth of gold used in teeth had been stolen from their offices.

**BABY BADLY BURNED
BY SCALDING FLUID**

LOCAL CORRESPONDENCE
HANKFORD, Jan. 15.—Gladys Breeden, 14 months old, was badly scalded while the family was at dinner yesterday evening. While the parents were not looking, the child grasped the cup of hot fluid and her mouth, throat and breast were badly burned. A few days ago Mr. Breeden was painfully crushed between a wagon and tractor.

**BEER TRUCK HIT BY
TRAIN; CREW ON ORGY**

LOCAL CORRESPONDENCE
SANTA ANA, Jan. 15.—When a Santa Fe train crashed into a truck of the Tacoma Beer Company of Los Angeles today at Northam crossing the train was held up ten minutes while the crew and passengers enjoyed a "beer-orgy." E. T. Smith, railroad agent, said almost 100 cases of the brew substitute went to the pavement.

BURNED BY LIVE WIRE

LOCAL CORRESPONDENCE
VENTURA, Jan. 15.—Falling out of a big oak tree on the Ojai road at Ojai today, Francis Anderson, 18 years of age, grabbed a wire and was dropped. The wire was a live one and before Anderson could get to his hands were severely burned. He was taken to the Big Sisters' Hospital here.

**BEACH CITY
BOND ISSUE
PURCHASED**

Water Paper for \$1,000,
000 Brings Premium of
\$8100 to Santa Monica

By a "Times" Staff Correspondent
SANTA MONICA, Jan. 15.—Southern California buyers, including the California Securities Company, Huntley & Co., R. H. Moulton Company, the Citizens National Bank of Los Angeles and the Bank of Italy, purchased the city's \$1,000,000 water bond issue with a premium of \$8100 yesterday. One bid was received from the Anglo-London-Paris Company which offered par and accrued interest and premium to the amount of \$1725.

The sale of the bonds brought about a clash between Mayor Steele and the two other Commissioners. The Mayor asked time to investigate the figures named to satisfy himself that the offer made was a fair one. He mentioned that three or four days would be necessary. Representatives of the bond companies said they would not consent to such a delay.

Commissioner Hutton stated that he had thoroughly investigated the bond market and was convinced that the offer was a fair one. The motion was seconded by Commissioner Morton.

Representatives of the purchasing companies said they would be offered for sale at once.

**Detectives End
Venice Parties;
Hosts Arrested**

By a "Times" Staff Correspondent
VENICE, Jan. 15.—Two asserted gay parties were brought to an end early this morning when local detectives raided houses on Virginia avenue and accompanied the hosts to the city hall. John Rivers and three companions, taken at the Rivers house and Fry Smith, whose house is at the corner of Pier avenue and Virginia, were booked pending hearing of \$100 bail in each instance.

Edward Perry and Joe Brown are charged with possession of liquor, and R. M. Jones is arrested for having broken glass on the street during the raids.

A. S. Cherry and Lena Dorcas, charged with disturbing the peace, are said to have been settling a little domestic difference stone-age fashion when police walked in.

All asserted offenders will appear before Police Judge Willard Friday afternoon.

**FUMIGATING CANDLE
BURNS DOWN HOME**

LOCAL CORRESPONDENCE
VENTURA, Jan. 15.—That the disease sometimes is not so bad as the cure seemed to be the opinion held by Mr. and Mrs. Ray Joy. Mrs. Joy, 1121 E. Main street, this city and Santa Paula and who are mourning the loss of their home and everything in it. A candle used in fumigating the house caused the blaze. A young son of the Joy's had diphtheria and had been released from quarantine. Obeying the health law, the house was being fumigated. A flimsy curtain caught fire from the fumigating candle.

**WOMAN SEEKS OFFICE
AS JUSTICE OF PEACE**

LOCAL CORRESPONDENCE
REDONDO BEACH, Jan. 15.—When the smoke of battle clears away after the spring election here this city may have its first woman justice of the peace. Mrs. Mary Elch, present deputy city clerk, who has held this position four years, announced today that her hat is in the ring to succeed Judge Harry Poliglas, who has declared his intention to step out of office to practice law. Mrs. Elch, according to her friends, is competent to hold the office after her experience under Judge Poliglas.

**MOVEMENT TO WIDEN
BEACH STREET BEGUN**

LOCAL CORRESPONDENCE
COMPTON, Jan. 15.—A movement to increase the width of Long Beach Boulevard to 100 feet from property line to property line, with the entire highway between curbs paved, has been undertaken by the Long Beach Boulevard Improvement Association, organized at Lincoln Monday night. Representatives were present from Huntington Park, South Beach, Compton and Long Beach. E. A. Morton of Lincoln was named president and Charles R. Wood secretary.

PIONEER TO BE BURIED

LOCAL CORRESPONDENCE
HUNTINGTON PARK, Jan. 15.—Funeral services for Daniel G. Clark, 77 years of age, a pioneer of this city will be conducted tomorrow at 2 p. m. at the Huntington Park undertaking establishment. Mr. Clark, who died yesterday, was for many years an active member of the Knights of Pythias of this city and was also a member of the Grand Army of the Republic. He leaves a widow.

TO TEACH PRINTING

LOCAL CORRESPONDENCE
GARDENA, Jan. 15.—Beginning with the February session of Gardena High School, Principal Whitley today announced that a full course of printing would be given. The school has recently installed a complete printing establishment, and an instructor has been assigned. More than fifty boys have already enrolled in the class, and more are expected.

Officers of Association for Year Are Elected and
Plans Made for Beautifying Community

By a "Times" Staff Correspondent
PASADENA, Jan. 15.—More than 200 members of the Altadena Citizens' Association gathered here last evening for their first annual meeting. Officers to serve for the coming year were elected and plans for civic development were discussed.

Edward S. Graham, prominent Pasadena real estate dealer and president of the association, was elected president of the association to succeed W. S. Grassie. Robert Wells was chosen first vice-president, Miss Clara A. Smith, second vice-president, Mrs. H. A. Smith, secretary, and J. B. Dundore, treasurer.

A strong executive committee was elected at this time and made up of Charles Parris, membership; Victor Paulknecht, light; Robert Wells, fire and police; Ray R. March, streets; Robert A. Smith, public health; N. J. B. V. Green, postoffice; John W. Mattman, legislation; J. M. Randall, schools; J. A. Hims, food control; and J. B. Dundore, water, and Paul Johnson, weather.

Since the organization of the Altadena Citizens' Association, the representatives for the local foothill community have been realized. The outstanding feature of its last year's work was the purchase of a radio station, a mammoth flood lighting system. According to Mr. Graham the new president, the organization will concentrate on better transportation for school children, creation of a county fire district, and other needed improvements.

**GOLF TOGS
BANNED AS
WORK GARB**

Clothing Dictators Say It's
Bad Taste; Bob-Tailed
Coat Also on the Skids

By a "Times" Staff Correspondent
SAN DIEGO, Jan. 15.—Clothes for men will be somewhat more conservative this year than formerly, garments will be more loose-fitting and the fabrics of lighter color, according to delegates attending the first annual convention of the Pacific Coast Merchant Tailors' Association.

Furthermore, the full-dress suit is being banished from the wardrobe of the average man. The tuxedo and the bob-tailed coat still continue to be popular. Women have indicated by their vote toward the full-dress suit, the delegates said, because they feel that the tuxedo was meant only for the occasion of men's clubs.

Wearing of sport togs during business hours is not being done by the well-groomed man. It is further said, imported basket weaves of hard finish cloth with tweed effect will be most popular during the coming year.

The convention got under way this morning when Mayor John L. Bacon welcomed the delegates on behalf of the city. Tomorrow the delegates will be luncheon guests of the Chamber of Commerce at the Advertising Club of San Diego.

**Masked Bandit
Robs Motorist,
Escapes in Car**

By a "Times" Staff Correspondent
SANTA MONICA, Jan. 15.—A lone masked bandit held up and robbed J. Neville, an employee of the Pacific Palisades, of \$50 in currency when he stopped to light a cigarette. The bandit, who was armed with a .38 Smith & Wesson, forced Neville from his machine at the point of a gun and then fled in the car. The car was driven away by the bandit. The car was driven away by the bandit.

**QUESTIONS LEGALITY
OF SAN DIEGO PAVING**

LOCAL CORRESPONDENCE
SAN DIEGO, Jan. 15.—An investigation is being conducted by City Attorney Higgins to determine whether or not paving contracts amounting to \$1,000,000 in the East San Diego district were illegally made by the city. The investigation is being conducted by City Attorney Higgins to determine whether or not paving contracts amounting to \$1,000,000 in the East San Diego district were illegally made by the city.

**SPANKING ADVOCATED
AS DIVORCE REMEDY**

LOCAL CORRESPONDENCE
SANTA ANA, Jan. 15.—Judge Frank C. Drumm, Superior Court judge, today denied the request for a divorce filed by Mrs. Della Morris, 15 years of age, who sought to obtain a release from the marital bonds which made her the wife of Raymond Morris of Los Angeles. Judge Drumm admonished the youngsters for marrying so young and said they should be "given a spanking" for their behavior.

**MEXICAN HELD IN
DEATH OF ANOTHER**

LOCAL CORRESPONDENCE
VENTURA, Jan. 15.—Pending a further investigation being conducted by Dist. Atty. Henderson which will probably result in more arrests in the two Mexican shooting scrapes of Sunday, D. Ramea, who is reported as admitted killing Alfredo Padella, is being held in the County Jail and will not be arraigned. Officers wait to determine the outcome of some of those injured in the frames at Oxnard and who are in a serious condition at the County Hospital. S. Cabral and Alvin Serrano are seriously wounded and either may die. They were shot in an affray at the Carille home in Oxnard.

**PROTEST OF
RADIO WAVE
IS PLANNED**

Government Wireless at
Mexicali Disturbs the El
Centro Concerts

EL CENTRO, Jan. 15.—Protest is soon to be made to Gov. Abelardo Rodriguez of the northern district of Lower California against the operation of the Mexican government wireless station during evening radio programs. It was announced here today following a meeting of radio fans.

It was stated that almost nightly while the "KJL" radio concert are being broadcast from the Los Angeles Times and Imperial Valley radio sets are receiving them clearly, the loud wireless spark at Mexicali breaks in and virtually drowns out the music. The Mexican station is asserted to be one of the most powerful in North America and officials of the Imperial Valley radio station are sent to Mexico City nearly every night. It has been proposed to appoint a committee of Imperial Valley radio enthusiasts to call upon Gov. Rodriguez and plead with him to order the government operators to keep the station silent during the evening radio programs. It is believed here that the Governor, who is said to be a radio fan, would be likely to change the wireless operators' sending period to a satisfactory hour.

DAMAGE SUIT HEARD

Widow Tells Court of Death of
Husband in Auto Crash

LOCAL CORRESPONDENCE
SANTA ANA, Jan. 15.—Pale and wan, and appearing to be on the verge of collapse, Mrs. Emma Blackford of Corona, widow of Lewis E. Blackford, testified in Superior Court today at the trial of her suit for \$15,000 damages against L. B. Swallow of Downey.

The suit was based upon the death of Blackford in an automobile accident on February 21, 1932, when the car of Blackford and Swallow collided.

During the course of the trial the widow whose face was haggard and lined with pain, was forced to leave the courtroom a number of times because of her emotion.

**PAVING CONTRACT IS
AWARDED AT HANFORD**

LOCAL CORRESPONDENCE
HANFORD, Jan. 15.—The Board of City Trustees last night awarded to the California Construction Company, the only bidder, a contract for repaving the business streets of the city in the sum of nearly \$140,000. Business property owners, who had filed a petition with the city council to have the streets repaved, were assured that the bid was rejected, alleged that much unnecessary work was in the contract and the price was exorbitant. The trustees decided that the work had to be done, the price charged was not exorbitant and accepted the bid.

**BUTTERFAT CHECKS
MAILED DAIRYMEN**

LOCAL CORRESPONDENCE
HANFORD, Jan. 15.—Nearly \$400,000 worth of checks were mailed to dairymen of Kings county today for butterfat delivered to the creameries within the past month. Buttermilk prices ranged from 54 to 57 cents per pound, and the dairymen are confident the present prices will continue for several weeks longer or until green feed stimulates production. The license creamery of Hanford, one of the largest of the State, is now buying whole milk also and last month paid 67 cents per pound.

**ROTARIANS HEAR TALK
ON NATIONAL PARKS**

LOCAL CORRESPONDENCE
DINUBA, Jan. 15.—Col. John R. White, superintendent of Sequoia and General Grant National Parks, spoke on park management and advantages of the national parks to the valley today at the regular Rotary luncheon. Dinuba and Visalia will be entertained by Porterville and Tulare at Tulare, Friday night, February 15, as result of a recent attendance contest. Visalia took first place, Dinuba second, Porterville third and Tulare fourth.

HUNTS BURIED BODY

Sheriff's Force Fails to Locate
Victim of Murder

BY A. P. NIGHT WIRE
BLITHE, Jan. 15.—Sheriff Sam Ryan of Riverside county, several deputies and twenty-five volunteer scouts allied their shovels in the desert sands near here all day today but failed to find the body of C. E. Smith where Edward Hamill said he buried it. After a slaying on Smith November 23, 1932, Hamill, who superintended the slaying, insisted that he had indicated the right spot, and Sheriff Ryan prepared to resume the search tomorrow.

FIRE PREVENTION TALK

LOCAL CORRESPONDENCE
LANKERSHIM, Jan. 15.—"Fire Prevention" will be the subject of a talk to be given at the Kiwanis Club luncheon Thursday by Battalion Chief Rhodes of the Los Angeles Fire Department. The purpose of the address is to assist in familiarizing local residents with the preventive measures adopted and enforced by the city to which Lankershim has so recently been annexed.

General Meeting Called for Bay City to Consider
Clearinghouse Distribution Scheme

By a "Times" Staff Correspondent
FRESNO, Jan. 15.—Commercial shippers and growers of San Joaquin Valley meeting here today, with President Ralph F. Merritt of the San Joaquin Growers' Association to hear a report on organization for distribution of the fresh grape crop, decided to call a general meeting in San Francisco to consider details of the clearinghouse plan of distribution.

Merritt explained to distributors that this procedure would not make them bound to accept the clearinghouse plan. Consideration of means to bring together the fruit and the assignment plan will be considered. The clearinghouse plan was suggested at a recent conference and would establish an office at San Francisco through which growers would deal in obtaining orderly distribution of the product. During his talk to growers and shippers Merritt told them that the clearinghouse plan would be a solution of the distribution system, he said. "Growers of fresh fruits, he added, cannot get through such a season as the last, when losses reached large figures."

**Fresno Plans
Millions in
Improvements**

LOCAL CORRESPONDENCE
FRESNO, Jan. 15.—Recommendations for civic improvements totaling \$2,500,000 to be financed by bond issue in which may be included the \$500,000 surplus in the city treasury, will be made at a meeting of the Citizens Bond and Assessment Committee here tomorrow night. The meeting was announced today when the budget committee met and announced items it will recommend be included in the proposed bond issue. These projects include: Civic center, \$1,500,000; Police alarm system, \$150,000; bridges, \$15,000; opening of Monterey street across Southern Pacific tracks, \$50,000; electric park lighting, \$5,000; municipal swimming pool, \$75,000; three playgrounds, \$45,000; playground community house, \$37,000; playground swimming pool, \$30,000; nine small parks, \$125,000.

At the meeting tomorrow the committee will determine whether the city surplus should be used to assist in financing the proposed improvements or whether they should be handled entirely through bond issue.

**Pomona Makes
Contract for
Advertising**

LOCAL CORRESPONDENCE
POMONA, Jan. 15.—Pomona's \$7500 community advertising campaign was assured today with the awarding of the advertising contract to a Los Angeles advertising agency. The arrangements were made by a committee consisting of Bert T. Harvey, representing the Chamber of Commerce, Frank C. Ellis, representing the Pomona Valley Realty Board, and George Thomas of the City Council.

The advertisements to be run intermittently in the Los Angeles Times for the next four or five months, will broadcast to the world Pomona's superb advantages in the way of climate, industries, ideal living conditions, etc. The money to assure the project of success was raised through the efforts of the Pomona Valley Realty Board and the Chamber of Commerce, the former donating one-third of the amount. Business men and many citizens of the community contributed, the campaign being put over in about ten days.

**Bond Issue to
Brild Schools
Wins at Beach**

By a "Times" Staff Correspondent
LONG BEACH, Jan. 15.—Bonds to the amount of \$4,900,000 were approved by the election held today. The entire amount is to be devoted to a three-year school building program in Long Beach, which will add substantial additions to every present building, and make at least three new ones and many others. Ten of the thirteen precincts reported the bonds had carried by a ratio of 10 to 1.

W. L. Stephens, superintendent of schools, stated that immediate relief will be given to the overcrowded condition of the schools, about 2500 children being on a part-time schedule. The bonds were supported by an active campaign of school children with parades and other demonstrations. There was no active opposition.

**SOUSA'S RAND TO
ENTERTAIN SOLDIERS**

John Philip Sousa and his band last night agreed to make the journey to Sawtelle this morning and to give a concert at 10 o'clock in the National Soldiers' Home for the benefit of veterans of the Civil and World wars. The concert was arranged by Mrs. Edward H. Ramm, recreational director for the Red Cross.

TORRANCE STORE ROBBED

REDONDO BEACH, Jan. 15.—The Isenhardt store in Torrance was broken into last night and a quantity of goods stolen. Entrance was effected through a rear window.

**ATHLETIC CLUB
FOR PASADENA**

Charter Has Been
New Organization

By a "Times" Staff Correspondent
PASADENA, Jan. 15.—The Pasadena Athletic Club, a new organization, was organized here today by a group of Pasadena men who have been active in the athletic field for many years.

**DATE FIXED
FOR ZONING
CASE TRIAL**

Pomona Sues to Force
Permit for Saleroom in
Exclusive District

LOCAL CORRESPONDENCE
POMONA, Jan. 15.—State-wide interest may be attracted to the suit instituted by Dr. C. E. Smith against the city of Pomona to compel the city to issue him a building permit for the construction of an automobile salesroom, storage and garage at Holt and Towers avenues at the heart of the residential section, it was believed today, following the understanding that a settlement may include a decision as to the constitutional validity of one of the Pomona zoning ordinances.

**BODY WILL CELEBRATE
AMENDMENT PASSAGE**

PORTERVILLE, Jan. 15.—Commemorating the anniversary of the passage of the Eighteenth Amendment, a special program will be given at the Y.W.C.A. Cottages tomorrow afternoon under the auspices of the local Y.P.C.U. "Opportunities of the flannel shirt of 1924" will be an address given by A. G. Hinkley of Los Angeles. The speaker will discuss the history of the flannel shirt and its relation to the temperance movement. The program will be held at the Y.W.C.A. Cottages, 1000 North Main street, at 2 p. m.

DRIVE DATE SET

By a "Times" Staff Correspondent
SANTA MONICA, Jan. 15.—Directors of the Santa Monica-Oxnard Park Chamber of Commerce have announced that the new date set for their annual drive is February 11. The date was fixed on as a result of the reciprocity bureau of the Los Angeles chamber, who will help the beach organization in its drive for members.

DAILY MARKET LETTER OF THE NEW YORK COMMERCIAL

NEW YORK, Jan. 15.—Because of the limited offerings of large California prunes and the unusual activity in these sizes the market is rapidly being cleared of stocks of both old and new crop and there are few shipments which have not been, partly or entirely sold to arrive. The shortage includes 20s, 30s and 40s, although 50s and 60s as well as smaller sizes are not plentiful. Spot holdings of 20s and 30s are firm at 16 cents for 30s with limited quantities of 20s at 15 cents to arrive in late January. For 40s there is a good demand at 13 cents while shipments en route are variously quoted at from 11 3/4 to 12 cents.

PRUNE MOVEMENT
 Oregon prunes of both old and new crop continue to excite the attention of jobbers, the preference, if any, being for old crop which has sold as new in many instances. There has been an active buying movement in some quarters for apricots with sellers holding strictly to list prices. Choices are quoted at 18 cents followed by a decline of 1 cent to 17 1/2 to 19 cents. Holdings are comparatively light. There has been little demand for packages raisins but the general tendency of dried fruits toward greater activity has had a healthy effect on the bulk goods market. The general tendency of the market for fresh fruits was lower during the past few days. Oranges were off 30s per box, grapefruit was unchanged and tangerines somewhat lower. The range being from \$1.75 to \$1.75, actual buying being from \$1.75 to \$1.75. Tangerines were sold from 75c to \$1.40, with the buying range from \$2.50 to \$4.

CANNED FOODS
 Although there has been a fair movement of stocks of California canned fruits into consuming channels during the last few days, trading in jobbing circles and from the Coast has been nearly at a standstill. The market for all grades in the hands of distributors is unchanged to meet any reasonable requirement for perhaps ninety days to come, if not longer, and prices are holding at or below replacement costs with liberal offerings and a demand far below normal for this season.

SUGAR FUTURES
 Raw sugar futures opened 2 points lower and closed 1 1/2 higher. There was good support for the March position from Cuban sugar, although it seemed to the extent of about 1 point on the selling side to recover. There was European support in evidence for the July position. The market spread between raw and refined sugar would be narrowed within the next few days. The market for refined sugar and the former stream market is firm unchanged to 3 points lower. About 15,000 bags changed hands, including 10,000 bags of September switches at 15 points spread. In the actual market a balance of 100,000 bags of October and Saturday clearance was sold today at 5 cents cost and freight to Warmer.

COFFEE MARKET
 Liquidation by longs depressed the price of coffee futures to the extent of about 10 points. Prices were at a decline of 2 to 6 points. There was moderate selling pressure against the near months at the start of trading, though the distant positions were firm. The larger offerings after the call seemed to be for the account of foreign holders, and as prompt shipments were concerned, they were unchanged to somewhat lower for Santos. The market was steady and active, with great activity in evidence. Today's sales were 24,250 bags, including switches from March to December at 70 points and from March to May at 30.

TEA
 The inquiry for teas is much more general. Buying over the market.

BUSINESS LIQUID STATE

Rates Softening in East and Money is Plentiful

Bull Market, With Increased Speculation, Predicted

Lower Rediscount Opposed; Reserve Banks Test

BY ARTHUR D. WELTON (EXCLUSIVE DISPATCH) (Copyright, 1934, Public Ledger.)

CHICAGO, Jan. 15.—The price of money is the latter of chief concern to bankers here. Rates are softening and money is plentiful. The call money market in New York cannot apparently absorb all that is offered. It presages a bull market and increased speculation, the bankers say. The banks are holding fast to their bonds and treasury notes. A return of 1 1/2 per cent for better from such investments looks very good to them just now. Such a situation can do no harm to the bond market which is usually helped by low rates for commercial money.

The easy money situation has been intensified by the great liquidation of bank loans since the first of the year. At the Federal Reserve bank over \$100,000,000 was paid off in the first ten days of the month. The commercial banks have had loans correspondingly reduced. In banking language this all means that business is in an unusually liquid condition. Low inventories, high productive capacity, fair and increasing demand, practically no unemployment and a high degree of confidence are present items in the list that foretells a future of activity.

Credit for this situation which is regarded as strong and desirable is given to the conservatism of business men who refuse to be swept off their feet by the wave of activity which finally broke last May and led to railroad failures. Looking back over the past seven or eight years in the light of present information a veteran banker declared that much of the trouble came from or was greatly influenced by railroad congestion, car shortages, worn out or inadequate railroad equipment or other transportation defects.

"Perhaps the relationship may not be as close as I think it is," he added, "but it seems that way to me. At any rate, as soon as transportation became really efficient other difficulties vanished. Just now I am giving the railroads full credit for this situation."

REDISCOUNT RATE

The easy money condition, which has been growing steadily, brought forth some weeks ago the suggestion that the rediscount rate of the reserve banks be reduced to 4 1/2 per cent. The suggestion brings up a crop of opposing reasons. Bankers here argue plausibly enough that a 1 per cent commercial rate is safe and reasonable. It is certainly no burden to the borrower and it gives the banks a fair profit. Lower rates would promote highly speculative business ventures and be unsettling if not unsafe. Reduction in the reserve bank rediscount rate would have a sentimental influence for lower commercial rates.

There is, however, a stronger reason for holding the rediscount rate at the present 4 1/2 per cent. It has always been contended that the rediscount rate should be higher than the prevailing rate at the commercial banks, perhaps only one-eighth of one-quarter of 1 per cent higher, but higher.

The political farmers who have always been resentful that the rediscount rate was of no benefit to farmers, as they have expressed it, because the reserve banks discount only for member banks over that lower rediscount rate will or should help agriculture. It is difficult to state what they believe because they never express it clearly or completely. However, farmers seldom get loans, except at a time mortgage loans, below 6 per cent. If the banks can rediscount at a lower rate they make a profit by so doing. The theory of rediscounting is that the bank seeking the rediscount should pay something for the privilege.

ON TOP OF THE MARKET

The arguments for the other method were potent during the war and there has always been a profit for the rediscounting or borrowing member bank. It has been found impossible or impracticable to abandon the custom. Now, however, that the reserve banks are practically "on top of the money market," it is insisted that they should remain there. In such a case commercial money will be the subject of real competitive bidding and not until need drives them will the commercial banks apply for rediscounts. In the meantime the reserve banks can exert some measure of regulatory influence on the market by operating in the bill market. This influence could be made very effective if there were a broad enough market for acceptances, which there is not.

From the viewpoint of Federal reserve operations the situation is most interesting. In the ten years of their existence the reserve banks have not functioned against easy money conditions. They have met about everything else. Their capacity to aid in the expansion of credit has been shown in the contraction would be wholesome. It is unfortunate that efficacy in this instance cannot be given a reliable factory trail. The quantity of gold in the country forbids this. In addition the great amount of Federal reserve notes in foreign countries suggests any exact diagnosis of currency needs. The only assurance is that the present circulating medium in the form of reserve notes is elastic and will respond in quantity to the fluctuating demands of business.

SECURITY COMPANY HOLDS ELECTION

A profitable and prosperous year was reported at the annual meeting of Security Company by President J. F. Sartori. This company is the investment subsidiary of the Security Trust and Savings

DAILY TRADE TALK

Thrift Week Endorsed by Leaders; Sentence Sermons From a Banker; Business News

Home ownership through the medium of the building and loan associations is the campaign undertaken by the United States League of Local Building and Loan Associations during Thrift Week beginning tomorrow and running to the 23rd inst. Members of the league in Los Angeles are active in preparing for the campaign and will disseminate information through advertisements and radio broadcasting.

As an encouragement to thrift, the financing of homes through the building and loan associations has met the approval of President Coolidge, and Secretaries Hoover, Mellon and Hughes, each of whom have endorsed the motives behind Thrift Week.

Building and loan associations, in countless instances, Mr. Mellon says, "have made home ownership possible for the masses. They have rendered invaluable aid in the campaign which the government is conducting to promote and encourage sound investment of funds that would otherwise be lost through speculation, fraud and carelessness. The growth of such an idea, must necessarily be slow, as are all processes of education; but, with continued effort, I am confident that the savings movement will gain momentum with each succeeding year and that eventually we shall become a nation of home owners, with the resulting sense of security and happiness which such ownership brings."

Secretary of Commerce Hoover's endorsement expressed his "profound faith in home ownership as an incentive to saving and as a step toward financial independence. While many difficulties and obstacles must be surmounted by most families in saving for a home, the very great majority can achieve home ownership if they set themselves to the task with enough determination. Families can save more and do it easier in paying for a home than in any other way."

SENTENCE SERMONS

Here are a few sentence sermons which Trade Talk found wrapped up in an address recently made by Roger A. Barker, vice president of the Citizens National Bank.

The best way to increase the industrial development of Los Angeles is to take good care of the industries we already have. Every manufactured article should bear the cheerful imprint, "Made in Los Angeles."

It will be sufficient in 1935 to be able to truthfully say that Los Angeles is the largest, the safest, the most secure and the most beautiful city in the world.

The most needed subdivision in Los Angeles is not a new one, but an old one—security. Security for everyone to take a corner lot and immediately improve it.

CREDIT MEN TO MEET

The Los Angeles Credit Men's Association will meet tomorrow afternoon at 2 o'clock at the headquarters of the association, 1000 Broadway.

I. Brenner will talk about the coming State conference. Insurance men will be featured in the main address which will include Percy P. Garnett, manager of the Board of Fire Underwriters of the Pacific, on "What Insurance Means to the State and Nation," and another by Charles W. Helser, vice-president of the California Life Insurance Company of San Francisco on "The Part That Credit Plays in Progress."

Bank and handles the business formerly conducted by the bond department of the bank.

Directors and officers were elected as follows: J. F. Sartori, president; M. S. Helmer, vice-president; G. M. Wallace, secretary; J. E. Shelton, vice-president; John T. Cooper, vice-president; George R. Martin, vice-president; and H. C. Harding, treasurer.

Mr. Sartori, assistant secretary and treasurer, Mr. M. S. Helmer, Mr. G. M. Wallace, Mr. J. E. Shelton, Mr. John T. Cooper, Mr. George R. Martin, Mr. H. C. Harding, Mr. W. L. Valentine and W. D. Washburn, Mr. H. O'Hara, who has been identified with the bank for some time, and has been sales manager of Security Company, was made assistant manager, and J. C. Harding was named sales manager. Mr. Harding was formerly San Francisco representative of the company.

The company is the investment subsidiary of the Security Trust and Savings

BUILDING PERMITS

The building permits for the period ending \$200,000 value are:

W. A. Phillips, 1244 Quince Avenue, owner and builder; \$4000.

Have Your Bonds Been Called?

Almost every day sees some bonds called. Are you sure that some of your bonds have not been among the number?

Thousands of dollars in interest are lost to investors because they have not known their bonds were called. The surest way to avoid such a situation is to list your bonds with a reputable bond house, which includes in its service notification of bond calls.

Blyth, Witter & Co. offers just such a service. By means of our direct wire we are notified as soon as calls are issued, and are able to check your numbers against the numbers received. This service is offered you regardless of whether you have ever purchased a bond from us.

List your holdings with us today.

Unique Public Utility Investment

Yielding Over 8%

We are now acting as direct selling agents for the distribution of the common stock of the North American Company—one of America's largest and most successful Public Utility holding companies. The company was organized in 1890 and derives income from subsidiaries serving such large cities as Cleveland, St. Louis, Milwaukee, Detroit, etc., affording stockholders a very valuable highly diversified investment.

Net Earnings for the 12 months ended Sept. 30, 1933, amounted to \$1.00 per share of this common stock, before dividends and depreciation reserves, gross earnings before depreciation amounted to \$1.70 per share.

Dividends have been paid continuously for over 14 years. Present dividend on common stock is payable in common stock at the annual rate of 10%, or, at option of holder, in cash at rate offering a yield of \$2 per share or a return of over 8%. If dividend is in cash the return automatically increases to the extent that the market price of the stock exceeds \$20 per share. We shall be glad to send investors further information and will fill orders for common stock at the market.

CONSUMPTION FIGURES

BOOST COTTON PRICES

(EXCLUSIVE DISPATCH) NEW YORK, Jan. 15.—Cotton futures were higher today on a rather bullish showing of the cotton market, which caused heavy buying by recent bear speculators at the opening. An advance of 15 to 20 points occurred in the early trading.

After the more urgent short covering was completed, the market again turned heavier, declining some 40 to 50 points from the early high level before steadying again. In later trading, the market displayed renewed strength and activity under heavy buying by Wall Street bulls, the trade and old-time bull operators. The net pushed upward to new high levels for the day, some 55 to 60 points above the previous close, but came down moderately just before the end of the session and final prices were 15 to 20 points higher.

Spot was steady, 50 points advance, 34.35 for middling upland, 34.45 for good middling, 34.55 for Southern, 34.65 for Galveston, 34.75 for Mexican, 34.85 for Memphis, 34.95 for Savannah, 35.05 for Augusta, 35.15 for Mobile, 35.25 for New Orleans, 35.35 for Houston, 35.45 for Little Rock, 35.55 for St. Louis, 35.65 for Kansas City, 35.75 for Omaha, 35.85 for St. Paul, 35.95 for Minneapolis, 36.05 for Chicago, 36.15 for Detroit, 36.25 for Cleveland, 36.35 for St. Louis, 36.45 for Kansas City, 36.55 for Omaha, 36.65 for St. Paul, 36.75 for Minneapolis, 36.85 for Chicago, 36.95 for Detroit, 37.05 for Cleveland, 37.15 for St. Louis, 37.25 for Kansas City, 37.35 for Omaha, 37.45 for St. Paul, 37.55 for Minneapolis, 37.65 for Chicago, 37.75 for Detroit, 37.85 for Cleveland, 37.95 for St. Louis, 38.05 for Kansas City, 38.15 for Omaha, 38.25 for St. Paul, 38.35 for Minneapolis, 38.45 for Chicago, 38.55 for Detroit, 38.65 for Cleveland, 38.75 for St. Louis, 38.85 for Kansas City, 38.95 ...Y MORNING.
These Folk Will Bring Today's Radio Joy
...RIES ITS
...ONEY TO AMERICA
...E J. YOUNG
...the necessary majority in Congress.
...mona. But Macdonald has served
...notice that if he is defeated in
...demand another election. He
...wants that until there is a chance
...to develop new issues, least of
...the Liberals; so the Liberals are
...likely to remain in office until
...or May.
...In that time they will have
...face some very practical questions.
...One of the most important will be
...Should the value of the pound be
...kept up? It is no secret that the
...British Exchequer and Treasury
...acted together since the first
...of the war to "peg the pound"
...above the price it would have
...left to the tender mercies of
...speculators.
...This process has involved the
...of large sums in gold and
...attacks. But Macdonald has
...funds had been so depleted by
...the determination of reconstruction
...ness. During the war the
...derstood the fund in New York
...\$20,000,000.
...Will the Liberals, looking
...money to carry out schemes for
...the relief of unemployment and for
...better housing, be able to
...their hands off such funds? It
...likely, unless the money is put
...your trust in some foreign
...Ar if they direct the funds to
...see a further drop in the
...Canny Britishers fear that
...many of them have wanted to
...change their pounds into dollars
...while the price is up.
...Danger of Great Britain
...An even greater fear is that
...however, of the sort of
...power. The coal miners
...condition is deplorable, but
...threatening a strike unless
...concessions are made. The
...way men are restless. Knowing
...that the government would
...is bound to encourage the
...to put forward strong
...mands.
...The coalition government
...employers, setting together
...years ago, broke up the
...which threatened
...But the skeleton of the
...ation is still in existence and
...the Labor General Staff, or
...of Action," would
...again if needed. Any sort of
...could bring a call for military
...and, with the government
...a serious condition could
...in a few days.
...There are extreme radicals
...the Labor ranks and those
...Communists will see to it that
...Macdonald Cabinet does not
...down into a constitutional
...out a fight. It will be
...make concessions to those
...in order to hold the party
...And industry will have to
...those concessions. That is
...many stockholders have
...fearful.
...French Oppressed by Debt
...Into the French case enter
...the huge internal debt, contracted
...the rebuilding of the devastated
...regions, and the revolution of
...government, which has cost
...of the 2,000,000,000 francs
...promised to the Bank of France
...at the end of the year. There
...the threat of higher taxes.
...The Labor government in Britain
...help along the radical
...the European continent.
...effect is bound to be
...to finance and industry.
...With all their quarrels
...relied on Britain to remain
...the chief power in Europe
...and the prop is cracking.
...So far as America is
...the march of money across
...the Atlantic represents a
...great contest, for the
...by London and New York
...end of the war. There has
...most criticism of our
...because they lacked
...to reach out as the British
...to opportunity.
...Much of Britain's trouble
...to the straining of her
...the effort to hold her
...of primacy. Much of our
...of our resources. Security
...lies on this side of the
...here is coming the
...money. For the time
...to hold the financial

STUDENT ACTORS

READY FOR PLAY

CAP AND BELLS OF BRANCH UNIVERSITY TO GIVE "IDEAL HUSBAND"

10:00 o'clock in Picture Palace

"Final rehearsals for Oscar Wilde's play, "An Ideal Husband," to be presented by the honorary dramatic society of the University of California, Southern Branch, were underway yesterday. The play will be presented by cast composed exclusively of students at Millsap Auditorium tomorrow and Friday evenings.

Miss Evelyn A. Thomas is directing the play. The cast is composed of: Jerald E. Well, Laddie T. Knudson, Francis J. Hickson, James V. McCandless, Harold R. Wakeman, A. Benjamin Person, John M. Shaw, Dorothea M. Wilson, Maybelle A. Sullivan, Lorna. Dorena Joyce J. Turner, Mildred V. Paver and Lois L. Cleland.

The play represents the annual dramatic offering of the Cap and Bells Society of the Southern Branch, and deals in a satirical manner with life among the upper classes in England.

LECTURES LECTURERS

ON POISONOUS LIQUOR

ASA KEYES OBJECTS TO USE OF NAME IN PROGRAM WITH EXIT TAX

Another reform movement in Long Beach came to a conclusion Monday when Dist. Atty. Keyes lectured C. W. Keeran and Larry Judge, lecturers on poison liquor, and ordered Chief Investigator Contreras of the county drug squad to close their show at 115 The Pike, Long Beach.

Keeran and Judge were illustrating their lectures by displaying confiscated stills. Just before the District Attorney's office, under an agreement they were not to charge admission, Contreras learned Saturday, according to his report to the District Attorney, they were charging an exit tax, collecting as the audience left. As the District Attorney's name was used prominently in posters advertising the show Contreras cited them to appear yesterday before Mr. Keyes.

EBERHARD RESIGNS

Deputy City Attorney Eberhard has tendered his resignation to City Attorney Stephens, to take effect on February 1. He will accept a position with the bond and investment house of Drake, Riley & Thomas. During the eight years Mr. Eberhard has been a deputy city attorney, he has given special attention to the handling of proceedings for the sale of municipal bonds. He will be succeeded in the City Attorney's office by Allen Patton, graduate of the law school of the University of Southern California.

COOLIDGE IS LEADING AT HARBOR

Early Returns on Straw Vote Show President 5 to 1 Over Johnson

Early returns on a post card straw vote for Republican Presidential nomination taken at Los Angeles Harbor last week gave President Coolidge an overwhelming lead over the entire field of candidates. Of 149 cards mailed yesterday, President Coolidge led Senator Hiram Johnson by nearly 5 to 1. The returns continue to come in.

The post cards called for those addressed to express their favorites for the Republican nomination for President. Of 149 cards mailed yesterday, President Coolidge led Senator Hiram Johnson by nearly 5 to 1. The returns continue to come in.

Wife Says She Killed Husband in Self-Defense

An inquest into the death of W. R. Rogers, stage driver, shot and killed by his wife, Mrs. Lela Rogers, at midnight Monday, will be conducted by Coroner Nance at 1:30 p.m. today at the Coopers' building rooms. Mrs. Rogers is in the City Jail on suspicion of murder.

According to her story, Rogers owes his death and she her life to his leisurely movements in getting out a gun to kill her. While he was cocking the weapon she got her own revolver from under her pillow and killed him, she said.

Detective Lieutenant Craig, investigating the affair, said he learned the couple were married last April after a three-week courtship, and quarreled frequently thereafter. Monday night, he said Mrs. Rogers told him, she accused him of unfaithfulness and he retorted she got letters from other men. She said this was a lie and Rogers made for a revolver, saying no woman could call him a liar. The shooting took place in the Rogers apartment at 725 Tenth avenue.

Mrs. Rogers came from Birmingham, Ala., and was a widow. Rogers had been driving for the Pickwick Stage Company seven years and is said to have been divorced.

LIQUOR SEIZURE MADE

Wine and moonshine which Ernest Audit is said to admit he bought for resale was seized yesterday by prohibition officers in a raid of Audit's home in One Hundred-Fourth street, and Audit was charged with illegal possession in violation of the Volstead Act.

Distribution of New Phone Book Well Advanced

New January telephone directories are being delivered at the rate of about 50,000 a day, and within a few days every subscriber should have one of the new books.

It was announced yesterday by N. R. Powley, commercial superintendent of the Southern California Telephone Company.

"Please have your old directories close at hand so that the delivery man will not be delayed," Powley said.

There were 20,000 more books printed in the present issue than in the issue last August, according to Powley, showing in another manner the growth of Los Angeles and the telephone system. This issue consists of 252,000 books.

Powley declared that it was important in the interests of the telephone users that the new book be used exclusively after it is delivered because it contains so many new numbers as a result of the growth of the city and the system. The old books are being collected.

Broken Hydrant Gives Passersby Novel Sensation

A pillar of water, spouting more than twenty feet in the air from a decapitated water hydrant, furnished an unusual spectacle for thousands of pedestrians who gathered between Third and Fourth streets on Broadway yesterday morning.

Except for a drenching to a few unfortunate shoppers the impromptu geyser did no damage. The hydrant was repaired by a squad of workmen after a half hour's work.

Ben Blair, a truck driver, drove his machine into the hydrant while attempting to enter the alley leading to the rear of the Bonito Brothers Cafeteria at 323 South Broadway. The hydrant was snapped off near the ground.

ACCUSED AS GOGGLE BANDIT, HELD ON BAIL

J. C. Ackerman, accused of being the "goggle bandit," was held to answer on several counts for highway robbery by Justice White yesterday, under \$10,000 bail. Ackerman is charged with complicity in fifteen hold-ups of oil-drilling stations, most of them by a lone bandit.

EVERGREEN RALLY

President Martin Korstad of the Washington State Society is announcing the reunion for Thursday evening the 17th inst. of the Business Women's Club, rooms, 237 1-2 South Hill, and will offer a popular program preceding the dancing. Tourists and visitors from the Evergreen State invited.

City Treasury Shows Increase Over Last Year

City Treasurer Powell, in a summary made public yesterday of the business of the city treasury for the calendar year 1923 reported total clearings of \$90,164,531.75, of which the receipts of the city government were \$46,123,702.61, and disbursements were \$44,040,829.14. This is an increase in clearings in 1923 over 1922 of \$4,955,973.24, an increase in receipts in 1923 over 1922 of \$1,820,829.23, and an increase of disbursements in 1923 over 1922 of \$3,224,229.01.

The city treasury balance on December 31, 1923, was \$11,659,574.85. From January 1, 1917, to December 31, 1923, the total receipts for the seven-year period were \$206,244,845.74, and disbursements were \$193,495,672.53.

Tourists Given Aid in Preparing Income Returns

More tourists are being assisted in preparing income-tax returns in Southern California than in any five other health-resort districts in the United States, according to Collector Goodell.

Sixty thousand visitors were aided by the collector's staff in 1923 and during the present filing it is estimated that this number will be increased to 80,000.

Los Angeles, Long Beach, San Diego, Santa Barbara and Pasadena supply the bulk of these tourists. While the returns are prepared here they are filed in the district in which the tourist lives, and the Southern California district does not get credit for them.

MISSOURIANS INVITED

President Lann is calling the Missourians to rally in a new meeting place this evening for the month's social with program and dancing. They will meet at the Flower Auditorium at 1720 South Flower street.

A beautiful piano—INSPIRED

In the SCHUMANN Reproducing Grand you will find more than a fine piano—more than an ordinary reproducing piano. In this instrument are combined the pure, rich tones of the SCHUMANN, attained through the special construction following the lines of the celebrated violins, and the reproducing instrument interpreting the music of the world through the great pianists of today.

Each gives to the other that indefinable something which can only be appreciated through hearing. Each is recognized as the final development in its special field. Yet the two are so interwoven into each other, so perfectly blended in every way that they can only be spoken of as one.

In the SCHUMANN reproducing Grand we offer an instrument which can take its place beside the greater inspirations of today—a piano brought to life by invisible hands of the foremost interpreter of all music.

\$2350.00 then up to \$2650.00

The unseen dining room

YOU add a room to your apartment with a LUNDIN-LEAF library diner.

During the day it is a beautiful period library table—an exquisite piece of furniture handicraft. Evening—the books cleared off—the table spread—the extra leaf swung into place—and the living room transforms into your dining hall.

Generous room for the small family—comfortable for more. Extra leaves are right in the table—hidden. Cannot possibly get out of order—guaranteed for the life of the table.

LUNDIN-LEAF tables are exquisitely finished. You can buy them on easy terms with weekly payments. The loveliest Queen Anne, Italian and Windsor patterns, of walnut and mahogany.

If your furniture dealer hasn't shown LUNDIN-LEAF tables and dining suites yet, write us for booklet illustrating the latest designs. Send us your dealer's name.

Of Interest to Women.

SOCIETY

BY CORA YOUNG

The marriage of Miss Ida Van Deine to Mr. James F. Shiels was celebrated last night at the Biltmore Hotel, Rev. Carl Patton reading the service in the presence of 100 guests.

Mrs. O. Kimball, sister of the bridegroom, and Mrs. Arnold Polson of Aberdeen, Wash., were matrons of honor. Miss Mildred Finley was maid of honor, with Miss Annabeth Woodhead as bridesmaid. Little Boothe Savin was flower maid, and Paulus Van Deine, Jr., acted as page. Mr. Lester Shiels was his brother's best man, and the ushers were Messrs. William Shiels, Jr. and Rufus Van Deine.

The lovely bride wore a beautiful French gown of ivory satin studded with rhinestones, the skirt trimmed with tiny cascades of net flouncing edged with silver. The tulle veil was fastened with orange blossoms, and she carried a shower of gerberas and lilies of the valley.

Mrs. Kimball was in turquoise blue georgette, while Mrs. Polson wore apricot satin, both carrying bouquets of roses. Miss Finley was in a frock of orchid taffeta, trimmed with satin flowers, and carried pink roses. Miss Woodhead wore a heavily beaded pink georgette and carried pink roses, and the flower maid was in a quaint imported frock of pale blue with a poke bonnet in pastel shades.

The bride is the daughter of Mr. and Mrs. Paulus Van Deine, prominent residents of Grand Rapids, Mich., who are spending the winter here. She is an accomplished harpist and violinist, and is a

graduate of the New England Conservatory of Music at Boston.

The bridegroom is the son of Mrs. Sarah Shiels of Fillmore, and received his degree at the University of California. Among out-of-town guests present were Mr. and Mrs. James Shiels, Vancouver, B. C.; Mr. and Mrs. D. Kimball, Mr. and Mrs. William Shiels, William, Jr., and Lester Shiels, all of Fillmore; Mrs. H. N. Anderson, Seattle; Mrs. S. V. Anderson, Aberdeen, Wash.; and Mr. Chester Kellogg, Portland, Or.

A supper and reception followed the ceremony, after which Mr. Shiels and his bride left on a motor trip. They are planning to make their home in Los Angeles.

Mah Jongg Luncheon

Mrs. Earle Anthony is entertaining tomorrow with a delightfully arranged luncheon party at her home in Los Feliz Heights. There are to be twelve guests to meet Mrs. Henry K. Pierce of New York. Following the luncheon mah jongg will be played.

Smart Affairs

The Vista del Arroyo was the setting Monday for the smart luncheon which Mrs. H. Clatworthy gave for Mrs. Charles G. Foote of Long Beach. The luncheon table was adorned with a gorgeous centerpiece of roses and later the guests enjoyed a game of bridge.

In the evening Mr. and Mrs. Clatworthy and Miss Cora Foote entertained with a dinner-dance at the Biltmore in compliment to Dr. and Mrs. Foote.

Bridge Luncheon

Mrs. Alexander Pantagies presided over a delightful bridge luncheon in the ballroom of the Mary Louise, Saturday complementing her sister, Mrs. E. Wright, who is to be married this week to Mr. B. G. Anderson.

The luncheon table, about which were seated twenty-eight guests, was resplendent with bridal decorations of pink and lavender sweet peas, French dolls in bridal array, and huge bows and runners of moire ribbons and tulle in corresponding shades. Score cards were dainty little affairs, and the ice cream was molded in the form of a bride.

Following the luncheon the guests spent a merry afternoon at bridge.

Tea and Luncheon

Mrs. H. H. Schwinger of San Fernando entertained at a beautifully appointed tea in the flower room of the Mary Louise, Saturday.

Mrs. Beverly Scott was hostess to a small society of friends at a charmingly appointed luncheon at the Mary Louise, Monday.

Wedding Anniversary

Celebrating their forty-sixth wedding anniversary, Mr. and Mrs. L. B. Gardner entertained with a dinner on the 19th inst., at their home on Glenside avenue. Throughout the afternoon they kept open house, receiving a large number of old-time friends.

At Luncheon and Tea

Mrs. Louise Murphy of Orange street entertained twenty friends

with luncheon and cards at the Ambassador yesterday.

Mrs. George Rafter, living at the Ambassador, will be hostess at a charming luncheon in the Ambassador Orange Tree room tomorrow. Places will be marked for fourteen.

Mrs. H. H. Seymour is serving tea to a number of friends at the Ambassador on Wednesday. Mrs. Seymour is a guest at the Ambassador today, followed by cards in the lobby.

Mrs. A. Walter will be hostess at a luncheon at the Ambassador today, followed by cards in the lobby.

MORE AID IN CLEANING UP OIL FRAUDS

Daugherty Sends Another Investigator Here in Drive on Swindlers

That Atty.-Gen. Daugherty was in earnest when he declared that the local oil promotion situation would be cleared up by special representatives of his office, was indicated yesterday by the arrival in Los Angeles of Frank M. Parrish of Michigan, another special agent of the Attorney General, who joined David V. Cahill, Maurice Norop and Charles L. Nichols to prosecute pending and prospective cases. Mr. Parrish will remain here indefinitely.

Mr. Cahill, in charge of the Ellenville Post Syndicate No. 1. Additional postoffice inspectors recently have been assigned to the Los Angeles field. So far as cases for which trial dates have been fixed, are concerned, it is asserted by investigators that the Joe E. Burman Oil Syndicate No. 2 collected more than \$1,000,000 from investors.

HERE'S THE NEW SCARF
The one great, all-important
innovation for this spring is the
scarf. It's a scarf that's not a
piece of tissue paper, or a scarf
of sheer fabric, or a scarf of
monstrous material and color, or
a scarf of crepe de chine, or a
scarf of knitted silk when worn
with a tailored suit or for sports
wear. But for town, the scarf is
always attached to the dress
in the case of this new scarf
which is made of a material that
is as good as paper. The scarf
is lined with silk to match the
dress in a color that will harmonize
with the dress, should the scarf
be worn in white.

Sousa Will be
Honor Guest of
Masonic Club

The Masonic Club of Los Angeles
will today tender a reception to
the distinguished visitor, John Philip
Sousa, who will be the guest of
honor at the club's annual dinner
and entertainment, to be given at
the club's dining hall, 1111 North
Main street, at 8 p. m. today.

COYMAN'S
MENU

pressed through a sieve, half a cup
of cooked rice, half a teaspoon of
salt, and two tablespoons of butter
melted. Serve in cups.

MELON SALAD
Cover cold salad plates with
leaves of crisp lettuce. On each
plate place a slice of melon, cut
into the shape of a triangle. Sprinkle
the melon with orange juice and
slices of orange. Sprinkle with
sprinkle over with sliced peaches
and orange slices. Sprinkle with
slices. Place on each salad two
tablespoons of sour cream dressing
dressing and dust with powdered
sugar.

SOUP CREAM DRESSING
Beat into a cup of sour cream
not too old, two tablespoons of
onion juice, two tablespoons of
one teaspoon of sugar, one
teaspoon of paprika; beat well and
keep cold until used.

COTTAGE PUDDING
Beat to a cream one-third of a
cup of butter and two-thirds of a
cup of sugar. Beat until creamy
and beat in two well-beaten eggs
and beat in two-thirds of a cup of
sifted flour. Pour into a greased
baking dish and bake in a moderate
oven for one hour. Sprinkle with
three level teaspoons of brown
powder and one-quarter of a
teaspoon of salt. Add to the
mixture beat one teaspoon of
milk and one-half of a cup of
well-buttered milk. Pour over the
pudding and bake for twenty-five
minutes. Sprinkle with a
dessert plates and pour over a
sauce.

JELLY SAUCE
Mix half a cup of sugar and
a half tablespoon of lemon juice
and a third of a cup of water
and add one and a quarter cups of
water and stirring constantly for
five minutes. Add one and a
half tablespoons of butter and
one-half cup of water and stir
until smooth. Pour over the
pudding.

RETURNING FROM TRIP TO IDAHO
Maid of Honor at Friend's Wedding

Miss Mary Bowen

TODAY Miss Mary Bowen, the
attractive daughter of Mr. and
Mrs. W. M. Bowen, is returning
from a trip through the Middle
West and North. Miss Bowen went
to Boise, Idaho, a month ago, to
be maid of honor at the marriage
of Miss Hazel Cleveland to Mr. R.
Burnett. During her sojourn in the
north Miss Bowen enjoyed the

winter sports and visited relatives
in Portland and Seattle.
Her mother joined her in San
Francisco last Wednesday, return-
ing from a trip through the Middle
West and North. Miss Bowen went

Diet and Health

By Lulu Hunt Peters, M.D.
DISTRIBUTION OF FOUNDATION REDUCING
DIET, AND WEIGHING

Monday and Tuesday I told you
what you should have for a daily
foundation reducing diet. I will
review it briefly, for it is impor-
tant: 150 to 200 C. of vegetables,
part raw; 200 C. of fruit, part
raw; 150 C. of skin or butter
milk, or cottage cheese; 200 C.
of potato or whole wheat bread, or
cereals or some other starchy food;
100 C. of butter, and 150 C. of
high protein food. This comes ap-
proximately to 1000 C. daily.

The reason I ask you to do this
is that I have found that if you
will supply the necessary
vitamins, mineral elements, pro-
tein and part of the carbohydrates,
all the needs of the system except
part of the energy needs. This
amount of food, however, is not
sufficient to supply all the energy
needs, so your own excess
fat will be called upon to do the
work.

You can have each day 200 to
250 C. more than I have outlined
and still be on the 1200 C. which
will reduce almost any adult from
one to two pounds a week. Let
me emphasize again that a reducing
diet (except for a short pe-
riod) must be one which supplies
all the needs of the system except
part of the energy needs. The
eat-and-grow-thin menus
written by laymen who know nothing
of dietetics, which tell you to
cut out of your diet all fats and all
starches, thus making an ex-
cessive high protein diet, will bring
on a state of acidosis which is
worse than the original condi-
tion of overweight.

Now today I want to talk a lit-
tle bit about the distribution of
your calories. You can take them
during the day in any manner
which you prefer. Let us keep
them all in one meal if you
like, and drink nothing but water
the rest of the day, or take them
in two meals, or take them in five
meals. I have had thousands of
letters from the followers of my
articles on reducing, and many of
them say that they find they get
along best on a late breakfast of
about 400 C. and a dinner at night
of the balance of the 1200 C.

Personally, I like best to have
100 C. for breakfast, 350 C. for
lunch, and 750 C. at tea time and
dinner. For dinner in the evening, if
possible, I am invited to a lunch-
eon I take my 100 C. for breakfast
—which consists of a cup of coffee
with 100 C. of cream and sugar
(one and one-third ounces heavy
cream is 100 C.; three cubes of
sugar are 100 C.) or a cup of clear
coffee with 100 C. of coffee cake
—and then I have 300 or 400 C. for
lunch, and the balance, usually of
fruit, for my evening meal.

WEIGHING TIME
Once or twice a week is often
enough to weigh unless you have a
bathroom scale. There is a vary-
ing retention of water in the sys-
tem, and sometimes—especially if
you have eaten anything salty—a
greater weight of water will be re-
tained than the weight of fat you
have lost, and so the scales will
register higher than the day pre-
vious. It is best to take a weigh-
ing at the same time and in the
same weight clothing, and try to
have approximately the same
type of food at the same hours
the day of weighing, and the day
previous. Better not average more
than two pounds a week loss after
the first week.

WEIGHING TIME

vious. It is best to take a weigh-
ing at the same time and in the
same weight clothing, and try to
have approximately the same
type of food at the same hours
the day of weighing, and the day
previous. Better not average more
than two pounds a week loss after
the first week.

Santa Monicans Plan Fight for Water Frontage

The city officials of Santa Monica
are requested to bring suit
to quiet title to all the city's
rights to the ocean front above
the mean high tide mark, in resolu-
tions adopted by the People's
Forum of Santa Monica, in a mass
meeting at Recreation Park Sun-
day.

The speakers included Mayor
Steele, Attorney Alfred Black and
Henry C. Peterson, leaders in the
fight for establishing the city's
rights to the water front, much
of which is being claimed by
private citizens.

It is urged that a survey be
made of the water front by the
proper Federal authorities, so
that the line of mean high tide
may be definitely and authorita-
tively established, at the expense
of the Federal government, if pos-
sible; if not, that the city appropri-
ate funds for a survey by the
United States Coast and Geodetic
Survey.

DRY WEATHER CAUSES FOREST FIRE MENACE

By reason of the unusually dry
weather in the Angeles National
Reserve, Supervisor Charlton has
stopped the issue of any more
permits allowing the burning of
brush, to avoid the danger of a
destructive forest fire. The big
woods were never so dry as now,
and through the canyons and pas-
sages of San Bernardino county the
north wind has been blowing al-
most continuously for the past six
weeks. It may be necessary to or-
der out the patrol to keep an eye
on the situation, for the condi-
tions were never more menacing.

For Pretty Skin—for lovely hands

—a 40-year-old formula that has never been surpassed
"FIFTY" fifty if she's a day—her
skin shows it" is a phrase you've
often heard.
And that is true—the skin tells
more ages, truly or falsely, than the
tongue.

For age—as all authorities will
know—shows quickest in the skin, and
the surest way to look your proper age
or younger, is to keep the skin soft,
supple, smooth and white.

That's why the first care of all ac-
tresses is that of the skin.
And why men, too, now are giving
more care to the skin.

Through 40 years' use, hundreds of
thousands of women have proved that
the skin is beautified by Espey's Cream.
The skin loses oils in washing.
Soaps leave irritation. Wind, sun and
water dry and crack and burn the
skin. Dust, dirt and germs infect the
pores.

Espey's replaces the lost lubrication,
softens the irritation, removes the
dirt, helps to close the pores, takes
out the tan and blemishes and heals the
cracks.

The skin is now smooth, soft, white,
supple and elastic.
You date a feeling of improvement
almost overnight. And later, after

BREAD WEEK AT
HALF-WAY MARK

Program Today is Set Aside
for Los Angeles

Experts on Food Subjects on
Speaker List

Principal Meeting Will be at
Symphony Hall

Today is Los Angeles Day in the Bread Week program and it marks the half-way point in the observance of the campaign which is being conducted in many sections of the country to "eat more wheat."

The largest meeting of the day will be that of the retail and wholesale bakers and allied trades at Symphony Hall, 232 South Hill street, at 2:30 o'clock. The speakers will be Dr. Carl L. Albers, former chief chemist of the Department of Agriculture at Washington and now of the food research department at Stanford; Dr. H. E. Barnard, director of the American Institute of Baking of Chicago; John Hartley, the Scotch philosopher of Chicago; Dr. R. E. Lee of New York City, and others. Dr. Albers' subject will be "The Present Flour Requirements of the Baking Industry and Wheat Sanitation in the United States."

Other meetings will be addressed by speakers at the Los Angeles High School in the forenoon and at the Kiwanis Club's noonday luncheon. The Hollywood Lions Club will be addressed by several speakers at its meeting today.

The annual banquet of the association will be given at the Elks, 441 South Flower street, tonight at 8:30 o'clock. Community singing will be led by Hugo Kirchhoffer and there will be a program of musical and dance numbers. James W. Foley, California poet, will be on the program.

NEW OFFICERS
The new officers who were elected yesterday afternoon at the annual meeting of the organization are: W. H. Egan, president; Fred Olson, vice-president; C. P. Brower, treasurer; Albert Gordon, Theodore J. Van De Kamp, J. M. Costello, J. A. Mackenzie, R. R. Beaman, members of the executive committee.

Important meetings for tomorrow are the Lions Club and the Chamber of Commerce luncheons at the Biltmore. Bread Week speakers being on both programs. The Southern California section of the American Chemical Society will meet Friday evening at the Mary Louise, 2280 West Seventh street, and the principal speaker will be Dr. Barnard whose subject will be "The Application of Science in the Baking Industry."

COURT WILL HEAR
JULIAN CASE TODAY

The petition for a writ of mandate, instituted by C. C. Julian against State Corporation Commissioner Daugherty, to force him to release \$1,700,000 of the funds of the Julian Petroleum Corporation, now impounded in the Citizens' Trust and Savings Bank, is expected to go on trial today before Judge Ira F. Thompson.

Why Doctors Warn
Against Coffee or
Tea for Children

THE reason is simple. Coffee and tea contain drugs which tend to irritate the delicate nerves of children, and so upset health.

The Federal Bureau of Education includes in its rules to promote health among growing school children, the warning that "children should not drink tea or coffee at all."

Why confine the warning to children?

You are careful to protect the health of your children; why, then, take chances with your own health, when a change from coffee or tea is made so easy by Postum?

Postum is a delicious, pure cereal beverage—ideal for children and satisfying to adults.

ALIENS GIVEN NEW BLOW

Fresno County District Attorney Announces no Interest
of Any Kind May be Had in Land

FRESNO, Jan. 14.—Plans to eliminate Japanese and Hindus entirely from any interest in Fresno land are being set in motion today following the return of Dep. Dist. Atty. Ernest N. Clark from a meeting of district attorneys with Atty. Gen. U. S. Webb in San Francisco on the antilabor law question.

As a result of the decision reached at that conference, Clark announces that prosecutions of violations of the land law will begin in Fresno county within a few weeks. Two cases against Hindus who purchased property here recently on sales contracts will be filed and right investigation will be made at once to complete partial evidence against Japanese violations.

In Fresno county, according to the rules outlined to be followed here by Clark, Japanese and Hindus can be employed on ranches, but the wage must be reasonable, neither exceptionally large nor exceptionally small; bonus contracts, in which the alien gets a small wage and then draws a bonus at the end of the year, are barred; ineligible aliens can have no interest in the soil whatsoever, except in their capacity as laborers working for a reasonable wage.

The ultimatum of the District Attorney's office to the Japanese is expected to have a widespread effect, as most of the truck garden product in Fresno county is grown by Japanese and Hindus either on leased land or under contracts of various kinds with white owners.

**Strip of Road
in Kern County
Will be Paved**

TAFT, Jan. 15.—A stretch of paving extending from Maricopa city limits eastward for two and one-eighth miles to the Pontland Junction Road, to cost \$50,000 has been authorized by the County Supervisors on recommendation of Supervisor Wagy, Wagy, Abel and McFarland voted for the improvement, but Supervisors Hart and Williams opposed the construction on the grounds of economy.

The new road will be of four-inch cement concrete base and two-inch Willie top and will be similar to the Wood Patch-Arvin Highway, now under construction, except that the surface will be of Willie, instead of Topeka top, as on the Wood Patch-Arvin job.

RETRIAL DATE SET
Bakersfield Jury Had Disagreed in
Murder Case

BAKERSFIELD, Jan. 15.—George D. Burton, charged with the murder of Tom Kershaw, will be retried April 1, in Department Two of the Superior Court, after hearing the testimony in the trial of Burton last week, was unable to agree upon a verdict and was dismissed.

A motion to dismiss charges of criminal negligence against Felix Thornton, who was convicted of the murder of a woman whose case was appealed, was allowed this morning by Judge Howard A. Peairs. The defendant was discharged.

Paul F. Jacobsen, recently arrested on a charge of having committed perjury, will be tried for the offense April 15.

FOREGOES TRIP
FOR FILM BALL.

Pola Negri

Abandoning her plans for a vacation trip to Honolulu for which she had secured tickets and reservations, Pola Negri, screen actress, yesterday announced she would attend the Wampas Frolic and Ball in San Francisco the 18th inst.

This information was received last night from Charles F. Eytan, general manager of Paramount's West Coast studio, who, with his wife, Kathryn Williams, will accompany the popular Polish star to San Francisco.

Miss Negri's appearance in San Francisco next Saturday will mark her first visit to that city and her second personal appearance since she came to the United States a year ago. Only nine before in Los Angeles and never elsewhere has the star appeared in person.

With Mr. and Mrs. Eytan, Pola Negri will arrive in San Francisco Saturday morning aboard the Wampas special train. She will appear at the ball in the costume she wore as Mme. Du Barry in her first great screen triumph "Passion."

BUILERS FILE SUIT
TO RECOVER WAGES

BAKERSFIELD, Jan. 15.—Complaining that they were discharged before their work was completed and that they were not paid for the work done up until the time of their discharge, two dozen laborers filed suit against Agnes Moore, James McWilliams, Violet Lattimer, Bradshaw Moore and others to recover \$2571.35 in Department Three, Superior Court yesterday.

According to the complaint filed by the workmen they have been engaged in the construction of a \$20,000 stucco building near Mojave. They alleged that they were discharged before completion of the building and never paid. They were hired by Agnes Moore and James McWilliams, they say.

BUSINESS MEN TO
DISCUSS RAISINS

FRESNO, Jan. 15.—An important conference of business men representing service clubs throughout the entire San Joaquin Valley has been called by the board of directors of the Rotary Club to meet in Fresno on the 25th inst. for a frank discussion of the exact condition of the raisin industry and the manner in which the clubs and business interests can best cooperate in meeting problems confronting the San-Maid Raisin Association for the coming year.

NIPPON NOTABLES VISITORS

Party Here on World Trip Express Special Desire
to See Southland Film Colony

Three distinguished Japanese visitors are in Los Angeles and especially anxious to see Hollywood. They are Gaku Matsumoto, secretary to the Department of Home Affairs and high official of the Japanese government railways; Dr. Chuliro Moniwa, chief sanitary engineer for the Department of Home Affairs, and Toshichika Sato, civil engineer for the Japanese government railways.

Arriving in Los Angeles yesterday, the trio of eminent visitors are on the home stretch of a trip around the world. They left Japan early last spring as governmental delegates to three international congresses conducted in different parts of the world: The International Roads Congress at Seville, Spain; May; the International Navigation Congress, at London, July; and the International Civil Engineering and Architectural Congress at Prague, Czechoslovakia, September.

TREAT RESERVED
Having traveled almost around the world, gathering statistics on highways, harbor and port facilities, sewage and drainage systems and the latest wrinkles in civil engineering and building problems, the visitors have reserved one big treat for themselves—a trip to Hollywood.

Hollywood seems to present to at least one member of the group something unique even to a globe trotter. At any rate, Mr. Matsumoto when interviewed yesterday said nice things about Los Angeles Harbor and its great possibilities, "very active—lots of life here," as the way he put it, but when Hollywood was accidentally mentioned, the curtain was lifted.

"Oh, yes," said Mr. Matsumoto, "that is where the motion picture actors live? And they make the pictures there?"

KNOWS MOST OF THEM
He smiled a broad smile and his dark eyes fairly sparkled with interest at the affirmative answer. "So that is where Mr. Maynard and Douglas Fairbanks live?" "Oh, do you, too, know them?" "Oh, my, yes," he laughed. "And Chaplin—Charles Chaplin—is he out there, too? And Jackie Coogan? And William Farnham?" He had a little difficulty in pronouncing some of the names, but only a little. Yet, he knew Farnham well, from his picture, "Les

WIFE DENIED DECREE
IN CONTESTED SUIT

Judge Walton J. Wood yesterday denied a decree of divorce to Mrs. Josephine Rosland, who sued Bennis Rosland, asking \$300 a month alimony. The court found that there was no cause of action, as the assertions of the plaintiff were not sustained by the testimony. Mrs. Rosland, who contended the case, introduced in evidence a letter written by her husband from Chicago, in which she proposed that he allow her a divorce, for which she agreed to give up alimony.

MOTHER PUSHES FIGHT
TO REGAIN HER CHILD

Mrs. Mae A. Fleming, divorced wife of Leigh B. Fleming, an undertaker of Union, N. Y., yesterday had placed before Dr. Miriam Van Waters, referee of the Juvenile Court, evidence which she expects to introduce before Judge Archibald tomorrow as the first step in her fight to win the custody of her daughter, Rose Lena Fleming, 8 years of age, alleged to have been taken by Fleming from his former life's home in the eastern city.

Mrs. Fleming arrived in Los Angeles following a nationwide search instituted by her for Fleming and the child. The pair were taken into custody here on a fugitive warrant from Utica and it was learned Fleming had been released while the girl was detained at Juvenile Hall. According to Mrs. Fleming, she was granted a divorce and the custody of the child in the New York courts.

More Good "Values to Remember" From Blackstone

A Blackstone Feature Selling of
Women's Linen Dresses
\$5.95

From the section long famous for superiority in style, fabric and value when it comes to those indispensable little at-home frocks that are the joy of every woman's pride in her "casual" appearance.

Well below what you would willingly pay for these little serviceable frocks that carry on so nicely through a day at home. Splendid quality linen, styled in smartly different ways that immediately place them in a class well above their special price. Straight, tailored lines for the most part—with a whimsy here and a novelty there that make them quite individual—yet though price is so commonplace, sizes and styles for misses and women.

FOURTH FLOOR—BLACKSTONE'S

Philippine Lingerie of the Better Kind
—in a Blackstone \$4.85
disposal at only \$4.85

Originally priced to \$8.50

The daintiness of them—the sheerness and yet the firm quality that tells you they will wear well! The intricacy and beauty of the designs—not at all what you ordinarily find at a price so small. Little odd groups gathered here and there in the Lingerie Section from higher priced lines, that were delights at their first prices—all grouped to hurry out with January Clearances at a price unexpectably value-ful.

FOURTH FLOOR—BLACKSTONE'S

A Greater Selling of Silk Boudoir
Coats, \$10.00

Values to \$14.95

Woman's unquenchable thirst for the dainty accessories to her wardrobe that flatter her beauty even when dishabille! Here, Milady may quench her thirst—for these little coats are gems of interesting feminine daintiness and also hold that irresistible to the feminine heart of being very much lower in price than usual!

Another Group—Only \$15.00

Exquisite—oh, so very exquisite! Ruffles and laces and silks that gladden—how can one describe these loveliest of boudoir breakfast coats! See them—and you will not fail to note their super value!

FOURTH FLOOR—BLACKSTONE'S

Women's Pure Linen Handkerchiefs 25c

Your choice—even at this very special price of plain white handkerchiefs or those having pretty, prettily embroidered corners.

FIRST FLOOR—BLACKSTONE'S

PHYSICIAN WILL
LECTURE ON EAR

Procedures May Prevent Failure
of Airmen

Deep in Skull Man
Solve Equilibrium

Used in Study of Ideals
by Scientist

The inner ear, with its mysterious mechanism for maintaining the equilibrium of the body, is the subject of a lecture which Dr. G. P. Portmann, a member of the medical faculty of the University of Bordeaux, France, has specialized in which he has lectured before students of medicine of the University of the leading American universities.

Portmann, who is a graduate of the University of Bordeaux, will lecture at the University Club this evening at 8 o'clock on the important connection between the functions of the inner ear and the rest of the body.

Among the organs with which the inner ear is connected, the importance is only beginning to be realized, says Dr. Portmann. It is only recently that the importance of the inner ear has been realized, and it is only recently that the importance of the inner ear has been realized, and it is only recently that the importance of the inner ear has been realized.

Dr. Portmann stated that one of the difficulties that confronts the physician in this line of research is the fact that the inner ear is so deeply within the skull that it is almost impossible to reach it. He said that the inner ear is so deeply within the skull that it is almost impossible to reach it.

Dr. Portmann stated that one of the difficulties that confronts the physician in this line of research is the fact that the inner ear is so deeply within the skull that it is almost impossible to reach it.

PICK JURORS IN CHAPMAN DEATH CASE

State Indicates It Will Ask Penalty for Three Slayer Suspects

Examination of prospective jurors to hear testimony in the trial of Jack Ferdinand, John Sears and John Gergas, bandit suspects indicted by the county grand jury for the murder of Arthur Chapman, an insurance broker, was begun late yesterday in the court of Superior Judge Avery.

In questioning veniremen Dep. Dist. Atty. Hill made it plain that the State intended to ask the death penalty for the three suspects. The prosecution, represented by Mr. Hill and Chief Trial Deputy District Attorney Byron Pitts, challenged several veniremen who stated they had conscientious scruples against the imposition of the sentence of death, and before court adjourned talesmen were being drawn from the panel of Judge Shenk's department, the panel of Department Nineteen having been exhausted.

TAXI FIGHT IS SETTLED WITH EASE

Bogardus Goes Out and Does Job by Himself; All Are Happy

Public Utilities Commissioner E. F. Bogardus signalled his election as president of the Board of Public Utilities by bringing peace and quiet to the warring taxicab drivers, it was announced yesterday at the meeting of the board at the City Hall.

Permit Asked for Cemetery Near Gardena

The need of additional cemeteries for the rapidly-growing Los Angeles was pointed out by speakers at yesterday's session of the City Council when it urged that the establishment of Theodore Roosevelt Memorial Cemetery be permitted on the property near Gardena for years the McKinley Home for Boys.

LINCOLN HEIGHTS JAIL REQUIREMENTS LISTED

To improve conditions at the Lincoln Heights Jail as recommended by the City Health Department and the county grand jury, Charles Volmer yesterday submitted to the Board of Police Commissioners a detailed list of improvements needed at the jail which can be installed at a cost of \$8980.

Restoration to Duty as Police Captain Urged

Pay a tribute to the long record for efficiency of Police Captain A. W. Murray, Chief Vollmer yesterday transmitted to the Board of Police Commissioners Capt. Murray's request for restoration to active duty, bearing the hearty approval of the Chief.

Insist on "PHILLIPS" MILK OF MAGNESIA

Say "Phillips"—Protect Your Doctor and Yourself Demand genuine "Phillips" Milk of Magnesia, the original Milk of Magnesia prescribed by physicians for fifty years. Refuse imitations of the genuine "Phillips."

Guard Against "Flu" With Musterole

Influenza, Grippe and Pneumonia usually start with a cold. The moment you get those warning aches, get busy with good old Musterole. Musterole is a counter-irritant that relieves congestion (which is what a cold really is) and stimulates circulation.

NOT GUILTY PLEA IS ENTERED BY AUTOIST

J. W. Nicholas, charged with manslaughter in connection with the death of Beale and Myrtle Whitman, sisters who died December 6, 1923, of injuries they received when struck by an automobile alleged to have been operated by Nicholas, yesterday entered a plea of not guilty when arraigned before Superior Judge Avery.

Thief Attempt Suspect Said to be Old Offender

Detectives were busy yesterday investigating the record of James Partell, who was shot in the leg by a policeman Monday night after he asserted burglary of the Central Hardware Company store at 4673 Hollywood Boulevard. Partell is at the General Hospital.

FALSE-ARREST SUIT UNDER ADVISEMENT

Judge Hewitt yesterday took under advisement the suit of Jacob I. Greene against John and Kate Eustace for \$10,000 damages for false arrest. The plaintiff testified that the defendants accused him falsely of the theft of a sum of money and caused his arrest on the night of September 18, 1923. He declared that later the missing money was discovered in the home of the defendants. Mr. and Mrs. Eustace protested that they were justified in their suspicions.

JANUARY ANNUAL Clearance Sale

All Refrigerators in This Sale Special Reductions

Karpen Furniture in This Sale at Special Reductions

A large purchase direct from the factory enables us to sell this fine Karpen guaranteed furniture at prices that will be found under present market value. Comfort, beauty and dependability are here combined with extra value.

Our buyer went direct to the great Karpen factories and secured this huge shipment. He saw exactly how the goods were made under the marvelous Karpen system of quality on a production basis. We have no hesitation in adding our guarantee to that of the manufacturer.

Karpen Davenport in Mohair, Special \$159.50

Note that the large, comfortable davenport pictured has spring arms as well as full spring construction in back, edge and seat. It is covered in handsome figured mohair with back and sides in plain color velour to match. This is a very unusual value at the January Clearance price, \$159.50.

Karpen Davenport in Velour, Special \$98.50

This is the same davenport as that pictured and described above, except that the covering is a beautiful figured mulberry velour. Under any other conditions, such a davenport would cost fully a third more than this low January clearance price of \$98.50.

New Petit Point Karpen Davenport, Special \$237.50

Design similar to that pictured, except that this davenport is more massive and better looking than it appears in the above sketch. Hardwood frame throughout, web bottom and full Karpen spring construction, special in the sale at \$237.50.

A Quality Product for Hair and Scalp

For twenty-five years Newbro's Herpicide has maintained a standard of superior quality and excellence. Pure and clear, free from all grease and oil, without stain or dye, it can be used upon the most delicate scalp with absolute confidence.

A Hair Saver—Use It Now

Don't wait for "shiny" baldness, which cannot be cured, but save and strengthen your hair before it is too late. At the first symptom of trouble—usually dandruff or itching scalp—begin the use of Herpicide. It stops itching of the scalp almost instantly, checks falling hair, and positively eradicates dandruff. More men and women have received permanent and lasting benefit from Newbro's Herpicide than from all other preparations combined.

San Diego Welcomes You

Arrange today to take this delightful trip down the coast to a delightful city.

Come prepared to spend a week, a month or the entire winter. There's much to see and much to do in San Diego all the time. Of equal importance, you will find splendid, reasonably priced accommodations in a hundred or more hotels and a like number of apartment houses. Rentals for furnished bungalows, etc., also, are surprisingly moderate.

Each day will be one of joyful anticipation, because the sparkling, exhilarating air will lure you out of doors. Visits to Point Loma, the missions, beautiful Balboa Park, where each afternoon you may hear a concert at the great open-air pipe organ; the mountains, seashore, and to Tijuana, are suggestive of the many pleasant and interesting trips for which San Diego is the starting point.

You can come by Santa Fe Railway, by Admiral Line or Los Angeles Steamship Company, or by automobile over a highway skirting the ocean for 70 miles, and paved all the way.

If you cannot start today, send the coupon for the fascinating story of

San Diego California

Call at the San Diego-California Club Information Bureau in Los Angeles

The San Diego-California Club maintains an information bureau in the Los Angeles Chamber of Commerce. Call and get acquainted. Those in charge will gladly advise you regarding your trip to San Diego.

STEFANSSON TO RECEIVE HONOR

Famous Explorer—Will be Guest at Banquet

Adventurers' Club to Give Feast Tonight

Leaders of City to Greet World Scientist

Vilhjalmur Stefansson, famous Arctic explorer and scientist, who is in the city for a series of lectures, will be the guest of honor at a banquet to be given this evening by the Adventurers' Club of Los Angeles at 433 South Hope street.

Another noted guest at the dinner will be Ernest S. Koenig, Lefingwell of Pasadena, also a famous explorer with whom Stefansson made his first trip to the polar regions. The two men will meet for the first time in many years at this banquet.

A group comprising many of California's leading scientists, educators, publishers, business men and civic leaders have also been invited to the banquet.

Dr. Stefansson will be made a life member of the Adventurers' Club in a ceremony following the banquet. A lecture address on "The Arctic" will be given by him. The lecture will be given on vellum in artistic design will also be presented to him by a committee from the club consisting of Arthur K. Krumpholtz, F. B. Thompson, Capt. T. W. Kemp and Capt. J. W. Bouleau.

Among the guests who have been invited by the club are Capt. Roger Pocock, who headed the first starved pathfinding expedition for a flight around the world, Dr. Robert A. Millikan, Dr. R. B. Von Klein Smid, Dr. A. H. Blalock, Dr. and Mrs. John A. Comstock, Frank A. Miller, Col. H. H. Arnold, James H. Richard, Harry Welch, E. C. La Rue, H. H. Merrick, W. D. Longyear, W. L. Brent, Acting Mayor Workman, Councilman Stuebel, Chief Deputy City Auditor Marshall, Paul G. Hoffman, Harry Chandler, Guy S. Young, Dr. Frank Barham, Edward Dickson, Roy Sanders, Cornelius Vanderbrilt, Jr., Garza Leal, Mexican Consul, William S. Hart, Will Rogers, Horatius Bowditch, Thomas H. Ince and Sid Grauman.

Private Sleuth Loses Damages in Attack Suit

Mrs. Mary C. Brightman of Long Beach was yesterday exonerated of all blame in the \$100,000 damage suit brought against her and her 19-year-old son, Latham Brightman, by the youth's private detective, who has been hearing the case.

Poster testified that he went to the Brightmans home to pursue an investigation, and while subjecting her son to questioning he struck him, causing his removal to a hospital, where he was confined for several weeks. In her own defense Mrs. Brightman declared that the private detective caught hold of her hand and that she screamed, bringing her son into the room.

The youth protested that he thought his mother in danger, and contended that he used only such force as he deemed necessary for her protection.

Engineer Tells Cause of Delay in Phone Orders

Telephone Engineer George Metcalf, in his annual report to the Board of Public Utilities for 1933, submitted to the Board of Public Utilities, set forth that on the last, the Southern California Telephone Company had 25,000 applications for service, and that delay in filling these orders was due to shortage of materials, equipment and facilities.

During the year 1933 complaints of poor service, delayed installations and other subscribers' troubles were handled by the department. The number of complaints reached the peak in October and dropped off to a minimum in December. The engineer reported that the Utilities Department was assisted greatly in handling the complaints and securing the relief and improvement in service asked for by the co-operation and assistance of the telephone company.

FATHER WINS CHILD IN DIVORCE ACTION

John Schryer gained the custody of his 4-year-old daughter, Eleanor Louise, when he testified yesterday that his wife, Wilma Marie Schryer, had apparently deserted the little girl, and left her in the home of a friend Schryer is suing his wife for divorce, naming three co-respondents. His attorney introduced in evidence before Judge Elliott Craig, a number of letters and telegrams that had passed between Mrs. Schryer and other men. Schryer declared his wife left him last June, and that he had not heard from her since that time.

HUSBAND ORDERED TO PAY ALIMONY

With the steel door of the County Jail yawning to receive him, John Francis James yesterday faithfully promised Judge Summerfield to be careful in paying alimony of \$25.00 a month to his divorced wife, Anna M. James.

According to the charges of former Judge Thomas P. White, Mrs. James's attorney, James is now in arrears \$222 in back alimony. The decree was granted Mrs. James last April in Judge Doran's department of the Superior Court.

"I'm tired of your continual procrastination, Mr. James," said Judge Summerfield, recognizing him as having appeared on contempt proceedings twice before in his court. "This time you'll agree to pay your alimony and stick to your promise."

"That is my serious intention," "It's more than a serious intention that I want," the judge told him. "What I want to see is a performance."

Whether James, who maintains office in San Francisco, is a manufacturer's agent or a traveling salesman also engaged the attention of the court and Mr. White, but himself could not settle the dispute.

The case was continued until February 15, at which time James was warned to begin his payments or go to jail for contempt.

Workman Urges Observance of Franklin Birth

Tomorrow is the anniversary of the birth of Benjamin Franklin, and Acting Mayor Workman yesterday issued a proclamation calling upon all citizens to observe the day by displaying the American flag. The Acting Mayor's proclamation was as follows:

"Thursday, the 17th inst., is the anniversary of the birth of Benjamin Franklin, author, inventor, philosopher and statesman. In fact, one of our greatest Americans."

"Some of our foremost citizens have initiated a movement that it be hoped will become a national custom to properly observe and celebrate the natal day of this great man."

"Believing that it is fitting that we should properly honor the memory of individuals who have rendered eminent service to their country, and in response to the request of our fellow-citizens, I hereby designate Thursday, January 17, 1934, as Benjamin Franklin Day, and suggest that the occasion be observed by appropriate exercises, and the display of the American flag."

REAL ESTATE FRAUD BRINGS PRISON TERM

Arthur E. Dishman, young real estate salesman who pleaded guilty to charges of obtaining money under false pretenses and embezzlement, yesterday was sentenced to serve from one to ten years in San Quentin penitentiary by Superior Judge Avery. Dishman was alleged to have defrauded Ridgely Wilson, a contractor living at 134 South Rampart Boulevard, out of several hundred dollars in connection with a lease on a lot situated on Sixth street near Coronado street. He was also accused of having appropriated to his own use money belonging to H. F. Toney of 214 Dorsey Alvarado street, for whom he was said to have been acting as agent. Dishman was sentenced on the first count to a term of three years, pronounced by the court on the charge of embezzlement.

SUSPENSION APPROVED

Patrolman Who Killed Youth is Relieved of Duty

The Board of Police Commissioners yesterday approved the action of Chief Vollmer in suspending from duty Patrolman Charles E. Florer, who on December 30, 1933, shot and killed Ellis Rogers, while the officer was breaking up a dice game. According to the accounts of witnesses, the young man and boy who were participants and onlookers at the dice game broke and ran when they saw the policeman and one of them drew a revolver. The officer drew his revolver and fired and the bullet struck Rogers. The suspension will continue until the grand jury has completed its investigation of the case and made its report and the officer's future in the department will be decided by the chief and the commission after the grand jury has reported.

WOMAN DRINKS POISON

Mrs. Ester Riley, 23 years of age, of 1314 S. Linwood avenue, drank poison yesterday, according to police report. She was taken to the Receiving Hospital and is expected to recover. The police said Mrs. Riley, a divorcee, has been working in a bakery to support her two children and became discouraged because her income was so small.

LONG BEACH STARTS GAS PLANT PLAN

City Council Gives Order to Begin Construction; Company to Fight

By a "Times" Staff Correspondent
LONG BEACH, Jan. 15.—Formal instructions were given by the City Council today to City Manager Windham to proceed at once with the construction of a municipal gas plant. Shortly after this it was announced that thirty miles of gas mains are on the way to Long Beach from the East and would arrive within a week. A crew of workmen will begin laying down the mains immediately after arrival. It was stated.

At the same time the Council also authorized the calling of bids for the construction of the second unit of the city gas plant after it had approved specifications for an additional twenty-five miles of pipe. The Council gave assurances to the National City Bank syndicate, buyers of the \$2,000,000 gas bonds voted some time ago for the construction of the plant, that the bonds would be ready for delivery in a short time.

The action of the Council today definitely severed all negotiations for the purchase of the Southern Counties Gas Company plant here. The last bid made by the Council for the plant was \$2,250,000. This offer was rejected by the company.

At the City Hall it was stated that the company has two ways out of the situation. It can offer to sell its franchise and plant to the city at a price adjudged reasonable by the Council or to grant a flat 10-cent rate to consumers under a long-term contract. Either of these two moves, it was indicated by city officials, will halt the city's proposal to erect its own plant.

Indications are, however, that the company will fight the city to the end. The first was also a 15-cent reduction, the rate being \$1 flat when the city voted the bonds for a municipal plant.

BILL COPY RECEIVED

California Sons of Revolution Get Immigration Measure

Copies were received in Los Angeles by the California Society Sons of the Revolution yesterday of a bill prepared by the society and introduced in the House by Congressman Lineberger. The measure is designed to regulate immigration and insure the use of the English language by those admitted to the jurisdiction of the United States.

The bill provides that the present restrictive immigration laws remain in force, based on the federal census of 1850; that every immigrant shall declare his intention of becoming a naturalized citizen, shall be required to apply for naturalization within three years of his admission and that citizenship requirements shall include a demonstration of the applicant's ability to read and write the English language.

POWER BUREAU
FAKERY SHOWN

"Cut" Rates After Having
First Raised Them

Details of Scheme Revealed
After Four Years

Increase on Secret Plea is
More Than Reduction

The details of a "dark-lantern" conference called by representatives of the Municipal Power Bureau, held in 1929, in which counsel for the bureau persuaded the local power companies to consent to a substantial increase in rates for the bureau's benefit, were revealed for the first time yesterday. The story of this meeting makes it apparent that officials of the bureau, in their present propaganda, are deliberately attempting to mislead the public into the belief that the bureau has reduced rates. It has "reduced" them by first raising them, and raising them more than the subsequent cut. The net effect to the consumer is higher, not lower, rates.

For four years this story has remained untold. In October, 1929, the Power Bureau faced one of its many serious financial crises. The demand was made upon W. R. Mathews, 112,000-a-year special counsel, that he find some way out. He called a conference with representatives of the power companies and pleaded that they agree to an increase in rates of 12½ per cent. This agreement was made.

This increase, directly attributable to the bureau, has not been mentioned in any of the propaganda issued by the officials, either in their campaign for a \$35,000,000 bond issue last year or in their present drive for a \$10,000,000 appropriation to appraise the properties of the Los Angeles Gas and Electric Company, preliminary to condemning and taking over the system.

HOW "CUT" WAS MADE
When the bureau took over the Southern California Edison Company's properties, they did so at a level which prevailed at the time of the conference, so that the rates today are higher than those prevailing before this parity. This conference was held in the offices of the California Railroad Commission in the Union League Building. Present were President Ferguson of the commission, Mr. Mathews and officials of the power companies.

Counsel Mathews, who had called the meeting, said the bureau needed money—to get it somehow. He explained that he could arrange with the City Council so that the rate raise would pass without particular hubbub. He explained that after the Power Bureau had passed its financial crisis the rates could be lowered again. The program was carried out.

Then, in May, 1932, the Power Bureau announced, with a fanfare of trumpets, that the bureau's efficient operation had made a big rate cut possible. But as a matter of fact, the rates for a large part of the city—all but the south of Exposition Park—were actually raised from 5 to 5.5 cents per kilowatt hour. And the notice of the rate increase of other consumers from 5.2 to 5.5 cents did not bring the rates to the low level before the conference, when the Power Bureau itself asked for a rate raise.

DETAILS CONFIRMED
Confirmation of the agreement made at the conference in 1929 to increase rates made at the request of the Power Bureau was made yesterday from Vice-President Vance of the Los Angeles Gas and Electric Corporation and several other officials of the company, present at the conference. Vice-President Vance said: "At the conference in 1929, the bureau begged us to agree to a 12½ per cent increase in rates to help the Power Bureau out of its financial troubles. We agreed to it because the bureau has no funds with which to handle this business. The bureau is hoping to spend at least \$50,000 to condemn our property, and that money would buy much cable and many transformers and other equipment. Naturally, we are compelled on behalf of our thousands of stockholders to fight back to retain our business and properties. It is a waste of money and effort on both sides, and the Power Bureau is to blame for it. The Power Bureau work-together-for-our-city spirit so our population and our industries can receive service."

PETITIONS READY
Mr. Vance said that the referendum petition bearing 53,734 signatures will be filed with the City Clerk tomorrow. This is more than twice the number required to put to popular vote the Power Bureau's two ordinances authorizing the expenditure of \$10,000,000 of funds for a survey by the California Railroad Commission of the gas pipeline, this valuation to be used as the basis for an appeal by the Power Bureau to the voters for a bond issue to purchase the company, this valuation to be used as the basis for an appeal by the Power Bureau to the voters for a bond issue to purchase the company, this valuation to be used as the basis for an appeal by the Power Bureau to the voters for a bond issue to purchase the company.

WHEN CAME "PROFITS."
Another evidence of the Power Bureau's efforts to "cover up" in the interpretation of figures upon which they base their plea of efficiency, comes through their

BAKING NOW HELD SCIENCE

H. E. Barnard, Founder of Institute, Declares College-Trained Men Control Industry

The ancient calling of the baker is no longer a mere craft but is rapidly assuming the dignity of a scientific profession to which an increasing number of college and university men are turning every year with the purpose of making it their life work, says Dr. H. E. Barnard of Chicago, founder of the American Institute of Baking.

Dr. Barnard, who is a nationally known expert in food chemistry, is in Los Angeles primarily to meet in the program connected with the Bread Week being conducted here at this time. Friday evening he will lecture before the Southern California section of the American Chemical Society. He is the head of the training school for bakers conducted in connection with the American Institute of Baking and is also the secretary of the American Bakers' Association. During the war he was Federal Food Administrator of Indiana.

SCHOOL BENEFITED
"The importance of scientific method in baking was not realized until a comparatively few years ago," said Dr. Barnard. "Through the efforts of scientists who specialized in food chemistry, more attention began to be paid to the preparation of foods, particularly bread, and this has resulted in a vast development in the methods of handling electricity." Dr. Barnard stated that as a result of the improved methods, the bread on the market today is far superior to what was sold a few years ago. It is regarded by experts as only about half as expensive as any other staple article of diet, its relative food values being considered.

VENICE MAYOR
RECALL TABLED

By a "Times" Staff Correspondent
VENICE, Jan. 15.—The fight to oust Mayor Gerety and Trustees A. C. Church and William D. Lutz was resumed here this afternoon. Trustees C. Gordon Parkhurst, a member of the faction seeking the removal of the three officials under fire, introduced a resolution calling on the City Attorney to prepare an ordinance for a special recall election. The resolution, however, found no second, and was tabled.

In his resolution Parkhurst pointed out that the petitions for the removal of the three officials had been filed on October 30, last, and had been certified to on November 13 by the City Clerk. Subsequently, the resolution continued, a handwriting expert had been employed to go over the names in the petition and had approved them, but the board had consistently refused to take action in calling the election.

Mayor Gerety and the two Trustees are scheduled to appear in Superior Court next Monday in an action to show why the special election shall not be called.

At today's session the board also extended permission to Charles Lick to rebuild the pleasure pier which was destroyed by fire.

COMMISSION DENIED

Agents Is Unable to Collect for
Asserted Property Sales
Judgment for the defendant was given yesterday by Superior Judge Burnell at the conclusion of hearing of testimony in the suit of Frank N. Payne against F. L. Buckley, vice-president and general manager of the Los Angeles Lumber Company, for the recovery of \$15,000, the plaintiff asserting that the defendant had sold the company's properties in violation of a contract made by the defendant with the plaintiff. The court held in its opinion that the evidence presented by the plaintiff was not sufficient to establish a contract, and the defendant was granted a judgment for the sum of \$15,000. The court also held that the defendant was not entitled to a judgment for the sum of \$15,000, and the plaintiff was granted a judgment for the sum of \$15,000.

MISSING GIRL IS
FOUND AT VENICE

OBJECT OF THREE-DAY HUNT
SHOWS NO ILL EFFECTS
FROM WANDERINGS
Florence Olive Buchanan wandered away from home Sunday in search of her dog, and walked all the way to Venice to find him, she told Detective Day of the Venice police force last night when Day found her near the Venice plunge, catching the swimmers. The girl, for whom several police departments of Southern California have been searching for three days, had suffered no ill effects from her wanderings. Her father, Joseph R. Buchanan, of 1694 West Seventh street, went to Venice last night and brought her home.

HAS TRADE MESSAGE

Attache at Buenos Aires Coming
Here for Conference
Mr. Edward F. Peely, commercial attache with the Bureau of Foreign and Domestic Commerce attached to the Legation at Buenos Aires, Argentina, will be in Los Angeles next Monday and Tuesday and will be available for conference with Los Angeles business men relative to trade opportunities and all kinds of commercial information with reference to Argentina.

COMMANDERY TO DANCE
Golden West Commandery, Knights Templar, will have its first dance of 1934 February 8, at 8:30 p.m. at the Goldberg-Bosley Hall, sixteenth and Flower streets. There will be an exhibition drill for those who do not dance. Proceeds will aid the commandery's representation at Seattle next year.

FOLLETTE
MYSTERY
EVIDENCE.

Attorney for ex-Justice
Introduces Pictures of
Bunko Men in Trial

That a mysterious "Mr. Rollins" figuring in the case against former Justice Channing Follette was a bunko man masquerading under that name was the contention of Defense Attorney Paul Schenck in Follette's trial yesterday on a charge of perjury.

Attorney Schenck brought into the courtroom a dozen pictures of confidence men and showed them one after the other to C. R. Brown, manager of an apartment-house, a prosecution witness. Brown admitted that two of the men may have been guests in his house at the time Follette had told of a conversation with "Mr. Rollins." "I never saw any of these men," he had testified that he had not received any calls for "Mr. Rollins" nor had he entertained a guest of that name.

The former justice testified before the grand jury last April that a "Mr. Rollins" had furnished \$700 asserted to have been intended for a bribe, and that he had talked with the man over the telephone at Brown's apartment-house.

The case against Follette is concerned with two forged bonds for \$10,000 each, furnished in the former justice's court for two asserted bunko men, Sam Gates and Sam Johnson. Special Prosecutor William Clark stated to the jury that he intended to show that Follette was criminally interested in the bonds, and that he made false statements when questioned before the grand jury in connection with the case.

Move Made for
Employment of
ex-Service Men

Organization of the committee to work on the ex-service men's employment problem, as suggested in a recent letter to the Chamber of Commerce by President Coolidge, has been effected and a general investigation is now in progress, according to M. B. Silberberg, chairman of the body. Appointment of the committee was one of the last acts of W. P. Bishop, 1923 president of the chamber. The committee consists of Mr. Silberberg, Walter K. Tuller, Col. Le Roy Smith, L. Schaff, Henry W. Louis, F. B. McCormac, Paul G. Hoffman, Col. A. J. Copp, Jr., Malcolm McNaughton, Henry S. McKee, A. C. Deaman and A. F. Osterloh.

PAIR SENTENCED

Man and Wife Convicted of Vol-
stead Act Violation
In passing sentence yesterday on Albert Pittman and his wife Helen, who were found guilty by a jury of violation of the Volstead law, Judge James J. Burns said it was stretching credulity to the breaking point to have anybody believe that the defendants did not know all about the presence of two big stills in their garage, as they contended. Pittman was given four months in the Riverside County Jail, and his wife was fined \$200, which she paid.

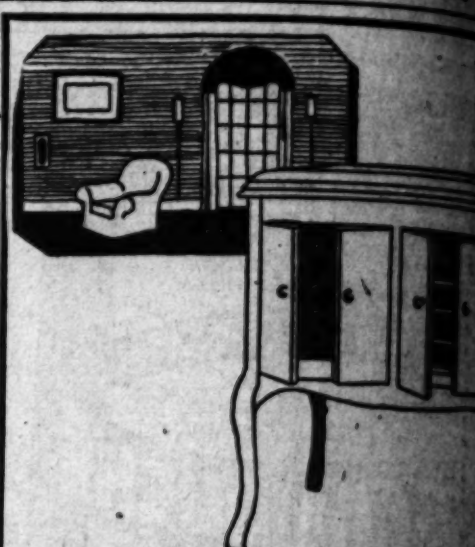

Why does
lightning
flash?

—because a cloud region becomes overcharged with electricity. Since this electric surplus must be discharged, it flashes to another cloud region or to the earth. As lightning "clears the air," so do

[illegible][illegible]

The image shows a newspaper page with a large, dense table of names and numbers. The text is mostly illegible due to blurring and low resolution. The table appears to be a list of names and their corresponding page numbers or some form of index. The names are arranged in columns, and the numbers are arranged in rows. The overall layout is a grid-like structure. The text is mostly illegible due to blurring and low resolution.

JANUARY 16, 1924.—[PART II] 19

A dark, vertical, textured strip, possibly a book binding or a piece of fabric, showing a repeating pattern of dark and light vertical bands. The texture is rough and fibrous, with varying shades of black and dark grey. The pattern consists of thin, vertical, light-colored lines or bands that run through the darker material, creating a striped effect. The overall appearance is that of a close-up of a woven or knitted material, or perhaps the spine of an old book.

[illegible]
